Capt. Goode Retires From Police Dept. On October 10th

Veteran Detective Has Served Efficiently For 43 Years

Captain Richard J. Goode, head of the detective bureau of the Newton police department, will retire on October 10, when he will have reached the age of 65. He is a native of Newton and was appointed to the police department on June 22, 1896.

He was a night patrolman for 14 years, mostly at Nonantum and Newton Corner, and in May, 1910, he was made an Inspector. On August 22, 1917, he was promoted to the rank of sergeant; and on December 25, 1920 to the rank of Lieutenant. He was made a captain on September 24, 1930. A few years ago, while investigating a burglary at Newton, he fell and snapped the tendons in both his knees. His injuries caused him to be confined to the hospital for many weeks, and it was feared that he was permanently disabled, but his grit and determination won him recovery and the use of his limbs, so that he was able to return to duty.

Captain Goode was unusually assiduous in the performance of his duties and in his relentless tracking of criminals, he travelled to many sections of the United States and Canada. He was a well known figure at the District Attorney's office and the Superior Court in East Cambridge and his search over a long period of years for stolen articles made him familiar with nearly every pawnshop in Boston.

Captain Goode resides at 19 Washburn st., Newton, with his wife and two daughters, the Misses Marion and Ruth Goode. His police duties and his home life have occupied all his time, so now he may cultivate some hobby.

Community Chest Campaign Sets Goal at \$199,605.75

Asks For 4.2 Per Cent More Than Last Year for 14 Agencies

Newton's Community Chest Campaign goal for 1939 is \$199,605.75 it was announced by Campaign Chairman Wm. V. M. Fawcett this week. This amount is 4.2 per cent greater than was raised by the Newton Chest last year. Mr. Fawcett pointed out, but declared that "it represented the minimum needs of the 14 Chest agencies."

"Our goal," he continued, "was determined only after thorough studies by the Budget Committee of the Chest and the approval of their recommendations by the directors of the Chest. It is the amount determined by these able business men as essential for the efficient conduct of the Chest agencies in 1940. I am confident that Newton will respond quickly and generously when we conduct our campaign November 10 to 21."

The Newton Community Chest is one of the oldest in Greater Boston and the 1939 Campaign is its eighth. A. Leslie Harwood, Jr., is president of the Chest and Maynard Hutchinson, treasurer. The members of the Budget Committee are: Benjamin J. Bowen, F. Wadsworth Bush, Charles H. Cobb, Charles C. Dasey, Cyrus Y. Ferris, Leslie D. Hawkrige, Clarence G. McDavid, Joseph F. Wogan, Clark E. Woodward.

Chest officials point out that the work of the Budget Committee assures Newton people that all Chest agencies are conducted in an efficient and business-like manner. At the monthly meetings of the committee the expenditures of each agency for the past month are passed upon and

Budgeted for the year.

Want Trade School Out of Hamilton School Building

School Com. To Give Hearing To Lower Falls Group

At the meeting of the School Committee on Oct. 23 a hearing will be given to those residents of Newton Lower Falls who signed a petition asking for the removal of the Trade School classes from the Hamilton School on Grove st. in that section. The petition was presented to Mayor Childs and he gave it to the School Department. The petition alleges that because school enrollment in the elementary grades at the Hamilton School is rapidly growing, the building will be overcrowded before long. Last year there were 73 pupils attending the elementary grades at the school. This year there are 84, an increase of 11.

The Hamilton School was erected in 1928. It contains seven classrooms on the first floor and about three-quarters of the basement. Fifty-nine boys and 14 girls from various parts of the city attend the trade school classes. They come from the 8th and 9th grades and are not children of low mentality, but are normal boys and girls who either because they are not academically-minded, or because of economic conditions of their families, could not pursue the four-year course in the high school, or are anxious to obtain employment as soon as possible. The boys study machine shop, electricity, radio and woodworking which gives them sufficient preliminary knowledge of these occupations so that they can obtain employment as stock boys in shops, or assistants. Employment placement of the boys who attended the general department at the Hamilton School has been near 100 per cent. The girls study housework, cooking, sewing and home nursing, and many of them have been placed in positions. About half of the cost of conducting the trade school is defrayed by grants from the State and the Federal government.

Salesmen of Milk Company Deceiving Newton Residents

Dr. Harold Chope, Health Officer of Newton, stated on Monday that he has received complaints from several milk dealers that salesmen of one large milk company have been endeavoring to obtain new customers in this city by means of showing a typical sheet containing figures giving comparative bacteria count and butter-fat contents of the milk supplied by the company concerned and other milk dealers, and alleging that these figures were furnished by the Newton Health Department.

Dr. Chope called attention to the fact that the Newton Health Department does not publish either the bacteria count or the butter-fat contents of milk sold in Newton, and the alleged information was not, therefore, obtained from the Newton Health Department. The information published by the Newton Health Department rates milk as "Good," "Fair" or "Unsatisfactory," according to bacteria count. It does not refer to butter-fat contents.

Because two booking officers were not present in court, Judge Mayberry found McDonough not guilty, and commented that the prosecution should have all available witnesses present while the trial was being conducted.

THE COMING CITY ELECTION

Four weeks from next Tuesday history will be made in Newton. It will be the first biennial election of city officials since the city was chartered in 1873. Two years ago the voters adopted the biennial method of elections and so doing extended the term of office holders whose tenure of office would have expired last January until January 1940. The biennial act also advanced the date of election from the prior early December date to the first Tuesday following the first Monday in November. Thus on November 7th voters in Newton will elect candidates for twenty-nine offices upon the ballot. These offices include that of mayor, fourteen aldermen-at-large (two from each ward), seven ward aldermen (one from each ward) and seven members of the school committee, chosen at large from each ward.

One of the primary desirable reasons for the change to biennial elections was because of the extremely small percentage of voters who exercised the right of franchise in the "off-year" elections when the office of mayor was not upon the ballot. The lack of interest every other year was considered by many as a threat to the continuation of good government in the Garden City by the election of candidates to office by the choice of a minority. Interest in local politics and the forthcoming election should be at a high peak with the many offices to be filled. All voters of Newton should make it their duty to plan to cast their ballot on election day.

VALUABLE COMMUNITY SERVICE

At the meeting of the board of directors of the Newton Y. M. C. A. this week the resignation of the general secretary, Harry W. Bascom, was accepted with regret. The resignation will not become effective until after the first of next year. Mr. Bascom has served in the capacity of general secretary since coming to the Newton Association in 1903—36 years ago.

The Young Men's Christian Association is a community activity of tremendous value in the building of character and the physical development of boys and young men. Throughout the years thousands of men in the Newtons and vicinity have been benefitted by use of its facilities and their interest in various phases of its activities. Founded upon Christian principles it is one of the foremost necessities of the community. The value of such organizations to any community is frequently measured by the ideals and standards which those who are responsible for its conduct display. For more than a third of a century Harry W. Bascom has given the Newton Y. M. C. A. a high standard of leadership, inspiration and administration. Upon his retirement three months from now the Association and Newton will lose a valuable community servant.

ARE YOU REGISTERED?

If you are not a registered voter and are eligible to become one, the necessary steps should be taken at once. The opportunity which is offered under the law to register for voting purposes at the coming city election expires on October 18th. The Board of Registrars of Voters prior to that date are conducting registration sessions daily at city hall and at readily accessible places in the various villages as announced. Once again we urge eligible unregistered voters to register that they may be able to have a voice in the conduct of the city's affairs.

Newton Men Teachers Hold Annual Meeting

The annual meeting of the Newton Men's Educational Association was held at Wellesley Inn on October 4th. Eighty-three members were in attendance.

Bob McElvrey, freshman coach and varsity soccer, B. U., was the speaker. He gave an amusing discourse on the trials of a college coach and explained the modern system of college scouting. Owen McDowell, new football coach at Newton High School and a former Columbia captain, was presented to the group and spoke on his football experience.

Edwin R. Hale, a recent addition to the Newton Trade School, was also welcomed into the group.

Retiring President Clarence E. Churchill was in charge of the meeting and was applauded for his success-

Ordination Service at Channing Church

The service of installation and ordination of Irving Russell Murray as minister of the Channing Unitarian Church, Newton, will be held at the church Monday evening, Oct. 9th, at 8 o'clock. The Rev. Dr. Frederick May Eliot, President of the American Unitarian Association, will preach the sermon, and Rev. Duncan Howlett, minister of the First Congregational Society (Unitarian) of New Bedford, will give the ordination prayer.

Mr. Murray accepted a call to the Channing Church on Feb. 1 of this year. He was graduated from Harvard College in 1936, and from the Harvard Divinity School last June. While at the seminary he was employed as assistant to the minister of the West Roxbury Congregational Church.

Dr. Eliot, who is to preach the sermon at the ordination service, is the nationally famous and widely respected leader of the progressive movement of the Unitarian Church today. For 20 years previous the minister of a growing church in St. Paul, he was elected to his present office in 1937. Recipient of three degrees from Harvard University, where he prepared for the ministry, Dr. Eliot is also the possessor of honorary doctorates from Carleton College, Meadville Theological Seminary and the University of Minnesota. Author of several books, he comes from a family with three generations of Unitarian clergymen.

The minister who will give the prayer, Mr. Howlett, holds Harvard degrees in Arts, Law and Theology. He has just returned from Poland, where he spent a good part of the summer as Unitarian Relief Commissioner. Mr. Howlett is the son of Rev. Harry B. Schofield, minister of the First Parish in Gloucester and a classmate of the candidate, will offer the invocation. The Scripture lesson will be read by the Rev. Ernest S. Meredith, minister of the First Parish in Watertown. Greetings will be brought from the American Unitarian Association by the Rev. Du Bois Le Feuvre, chairman of the Department Committee on the Ministry of the American Unitarian Association and minister of the Second Church in Boston, and from the community by the Rev. Ray A. Eusden, minister of the Eliot Congregational Church. The congregation will be led in the act of ordination and installation by Mr. Alton Roy Welton, chairman of the standing committee of the Channing Church.

The Channing Church will make ready for the ordination by having a special Rally Day this Sunday. The participants in the service Monday evening will be the guests of the Men's Club at dinner at 6:30 o'clock.

5 YEARS AGO

Newton Graphic, Sept. 27, 1884

The Independents have hoisted a Cleveland & Hendrick flag in front of Eliot Block, Newton.

Sanford B. Sargent so well and favorably known in this city as a dancing master, will meet his classes again at Cole's Hall on Saturday, Oct. 18.

A Newtonville man picked up on the B. & A. tracks near the Newton station on Thursday morning a pocketbook containing between \$700 and \$800, evidently dropped from an express train.

The Republican flag made its appearance Thursday afternoon, hanging between Brackett's Block and the postoffice building. It is inscribed "Blaine & Logan, and "Robinson & Ames."

John Wier, a carpenter employed by A. G. Tupper, while making repairs on O. C. Fisher's house on Thursday, slipped, and in catching himself, stuck his hand on the point of a lightning rod, forcing it through his hand and making an ugly wound. Dr. Reid attended him.

A number of young Republicans met Thursday night to form a Blaine & Logan torchlight marching club. A good deal of interest was shown and L. A. Hall, H. H. Soule, Jr. and Allston Burr were appointed committee on organization.

G. A. Gustin, an accomplished dancing master, will open a dancing school for young ladies and children at Cole's Hall on October 11. He has taught large classes in Boston and Newport, having the patronage of the first families of those cities. He has just visited London and Paris to study the best methods.

Captain L. H. Houghton of the Clarendon Guards, until lately drummajor at the high school, was visited at the armory on Monday night by the officers of the high school battalion, headed by Major Fliske, who presented Captain Houghton, on behalf of his late pupils with an elegant sword.

At the meeting of the School Committee on Wednesday evening it was voted to ask \$110,000 for next year's expenses. This is an increase of nearly \$10,000 over this year, due principally to the additional number of teachers necessitated by new school houses, and the free textbook system.

Complaints are being made at Newton Highlands about boys stealing fruit from trees here. Some of these boys' parents will find them in the lock-up some day if they do not keep them at home. A police patrolman is much needed at the Highlands on day duty.

The hospitalities of the city were extended on Wednesday to the members of the New England Waterworks Association on the occasion of their third annual field day. The company, which met at West Newton in the morning, numbered about 100. They were joined by Mayor Kimball, a majority of the City Council and nearly all City Hall officials. Six barges conveyed the company, which started at 6:15 for a tour of the city. In the afternoon the barges drove to the corner of Watertown and Craft st., where the great exhibition of the day took place. Mayor Kimball pulled Box 25, then pulled a second and general alarm. In 2 minutes Chief Bixby drove up; 35 seconds later the Hook and Ladder truck was on hand; the Newtonville hose came in 3 minutes, 10 seconds, and had water on in 4 min. 15 sec.; the West Newton and Newton engines arrived almost together, in 6 min. 25 sec., and 6 min. 30 sec.; West Newton hose, 7 min. 30 sec.; Newton hose, 8 min. 30 sec.; Newton Centre engine and Auburndale hose, 13 min., 40 sec.; Lower Falls hose, 19 min.; Upper Falls hose 26 min. The visitors were enthusiastic in praise of the quick time, and Chief Bixby was in his glory over the success of the exhibition.

50 YEARS AGO

Newton Graphic, Sept. 7, 1889

Mayor Burr leaves the city tomorrow for an extended business trip which will take him as far as Omaha. He expects to be gone two or three weeks.

The Board of Health's report for August, published this week, gives a total of 27 deaths for the month. Four were over 80 years of age, three over 70, and two over 60. Eight were under 1 year and five between 1 and 2. Thirteen were natives of Newton. Seven cases of diphtheria were reported, six of typhoid fever, and three of cholera infantum. The report states—there is necessity or an abundance and a ward for contagious diseases at the Cottage Hospital. One of the diphtheria cases had to be taken to Boston in a hack to be operated on, and unfortunately it was too late to save the child.

At the meeting of the School Committee on Wednesday evening, Rev. Mr. Hornbrook presented a communication from Mrs. H. B. Wiswall of Wellesley, asking that her children be permitted to attend the Hamilton School at Lower Falls. Much discussion resulted. Mr. Barton opposed

EDWARD H.

Powers' Paragraphs

The writer is not a member of the judiciary and never will be. So, we may be considered quite presumptuous because we dare make any suggestions or criticisms regarding members of the bench. But to us, judges are not sacrosanct. They differ, even as do other humans. The law gives judges great latitude in making decisions and imposing penalties. Some judges seem inclined to severity, others seem inclined to leniency. But, whether a judge is lenient or severe, we can't see the expediency or wisdom of any judge making a set rule of law violation. We believe each case should be decided and penalized on the circumstances surrounding it.

For instance, some judges fine anyone they find guilty of speeding, or some similar infraction of traffic laws, \$3 or \$5. And some judges place such cases on file if the offender has no record. We believe that if there are extenuating circumstances, or the offense may be unintentional, the case may well be filed, even though the defendant be found guilty. On the other hand, we don't believe in a fixed rule of filing cases of first offenders. Such a practice does not encourage policemen to apprehend speeders, ignorants of traffic signals, and other offenders. Neither does it discourage those who endanger the safety of the public, when they believe they will escape a penalty because they have no previous record.

Also, we can't understand why some judges impose a smaller fine on an autoist who disregards a traffic signal, and crosses an intersection against a red light, than they impose on a speeder. To us, the ignoring of traffic signals is more deliberate than speeding, and more fraught with danger. And this offence against traffic laws has increased greatly in the past few years.

During the past 15 or 18 years, Newton has grown very rapidly. Thousands of new residents have moved into this city. Unquestionably the many attractions of Newton, which have made it outstanding as a residential community for nearly a century, appeal to these people, or they would not have selected it as the place in which to make their homes. Most of the newcomers merged into the life of Newton intelligently and reasonably. But, a certain percentage, more especially in the past 10 years, have shown a disposition to manifest a sort of superiority complex which has evidenced itself in the making of inordinate demands for special attention to them and their particular neighborhoods—demands which older residents of the Newtons never thought of making, and demands, which if granted, would cause a considerable increase in the tax rate of

this city. Moreover, some of these self-constituted important persons have been in the city but a comparatively short time when they volunteered their services to various city departments as to how they should be conducted. It may be that those to whom we refer believe that Newton is such a high-toned community, that it will accord them public services to which they were not accustomed in the cities or towns from whence they came. Newton does give outstanding public service, but it is not providing de luxe facilities for some new neighborhoods at the expense of taxpayers in the remainder of the city.

Our little world, the planet Earth, is but a tiny unit of the universe. Assuming that many of the other countless units of the universe are inhabited by more or less intelligent beings

Recent Engagements

Announcement has been made of the engagement of Miss Anne Worthington Perkins of 277 Park ave., New York City, to Gordon Tully Kay of Hollywood, California.

Miss Perkins is a daughter of Mrs. John Russell Perkins and until recently was a resident of Winston-Salem, North Carolina. She is a graduate of Salem College and King-Smith Studio School of Washington, D. C. Mr. Kay is a son of Mr. and Mrs. Harry Herbert Kay of Newtonville. He is a graduate of Phillips Exeter Academy and Williams College class of 1938, and is associated with Republic Productions, Inc., in Hollywood, Cal. The wedding will take place in the Church of the Transfiguration in New York City sometime in November and after their marriage the couple will reside in Hollywood.

Recent Weddings**ARGERSINGER—BEERS**

The home of Mr. and Mrs. Roy Edwin Argersinger in Waban was the setting for the candle-light wedding ceremony of Miss Mary Elizabeth Beers, daughter of Mr. and Mrs. Frank Troxell Beers of Tacoma, Washington, and John Irvin Argersinger, Friday evening, Sept. 29, at 8 o'clock.

The bride was given in marriage by her father. The uncle of the bride, Dr. George Pitt Beers of New York, Executive Secretary of the Baptist Board of Home Missions, officiated at the ceremony.

With her gown of ivory slipper-satin, which had a sweetheart neck, long sleeves and full skirt, the bride wore a face veil, held in place by a coronet of the satin. Her cascade bouquet was of white double delphinium and lilies of the valley.

Miss Jean Beers, sister of the bride, as maid of honor, wore a gown of wine velvet. The bridemaid was Miss Katherine Argersinger, sister of the groom, gowned in turquoise velvet. Both attendants carried cascade bouquets of shaded yellow chrysanthemums.

Continuing the tradition of 18 other brides, Mrs. Argersinger wore a lucky sixpence in her slipper, presented to her for the ceremony by Mrs. Dow Tinker of Seattle.

Mrs. Beers wore rose satin and a corsage of orchids. The bridegroom's mother, Mrs. Roy E. Argersinger, chose a gown of periwinkle blue with a corsage of Queen Mary roses.

The best man was William Lovejoy Shannon of Concord, New Hampshire. The ushers were Vincent Taft Estabrook of Waban and New York and William Henry Bledsoe, cousin of the groom, of Groversville, New York.

The house was decorated with Cyclamen ferns and chrysanthemums in tall colors with the only light coming from 28 white tapers. Relatives of the bride and groom attending were: Mrs. C. J. Krauss, grandmother of the groom; Mrs. R. W. Reed of Ottawa, Canada; Miss Barbara Evans and Mr. J. W. Pakosta of Grovers-

ville, N. Y.; Mr. and Mrs. A. Conant, Jr., of Brookline; Mr. and Mrs. H. J. Sargent of West Orange, New Jersey; Miss Vera Olmsted of Orange, New Jersey, and Mrs. G. P. Beers of Glen Rock, New Jersey.

The bride is a graduate of the University of Washington and the Prince School in Boston. She is a member of Pi Beta Phi fraternity. Mr. Argersinger graduated from Union College, Schenectady, New York, where he was a member of Delta Upsilon, and Massachusetts Institute of Technology.

Mr. and Mrs. Argersinger will be at home in Worcester after October 15.

TEMPLE—SELLON

Miss Harriet Louise Sellon, daughter of Mrs. Nancy Lee Sellon of 33 Perkins st., Melrose, was married to Thomas French Temple, 3rd, son of Mr. and Mrs. Thomas French Temple of 5 Willard st., Newton, on Saturday, September 30, in Channing Church, Newton. Rev. Arthur Olsen of Melrose Highlands performed the ceremony at two o'clock.

The bride was escorted to the altar by her brother, W. Lee Sellon. She

wore a gown of white moire with sweetheart neckline, long puffed sleeves, a gathered front which formed a large bustle bow in the back, with a fan shaped train. Her double veil was of tulle, the second veil falling to her knees and her bouquet was of white roses, bouvardia, baby's breath and lilies of the valley with an orchid centre. Miss Nancy Sellon of Melrose, sister of the bride, was the maid of honor. She wore a gown of rose taffeta with a gathered front forming a bustle bow in the back, a headress of hyacinth blue velvet and carried pale yellow roses. Miss Barbara Robbins of Melrose and Mrs. Gertrude Temple of Newton were the bridesmaids. They wore gowns of hyacinth blue and carried pale yellow roses.

Mr. Hilton Handley of Newton was the best man. The ushers were Edwin Barney of Newton, Edwin Weidig of Newtonville, Francis Barton of Melrose and Richard McElwain of Boston.

A reception was held following the ceremony at 5 Willard st., Newton.

Mrs. Sellon wore a gown of rose beige lace with a wine velvet jacket.

a matching hat, and a corsage of orchids. Mrs. Temple wore sapphire blue velvet with a matching hat and a corsage of orchids.

At the church the decorations were of large baskets of white flowers, palms, and white candles in candelabra. At the reception green ferns and white flowers formed the decorations.

On their return from a wedding trip to the South, Mr. and Mrs. Temple will reside at 239 Hunnewell terrace, Newton. They will be at home after November 1.

ROSS—LYNCH

Miss Florence Eleanor Lynch, daughter of Mrs. Isabel R. Lynch of 11 Orchard st., Newton, and the late William J. R. Lynch, was married to John Ross of Saco, Maine, at 2:30 on Saturday afternoon September 23rd.

The ceremony which took place at the home of the bride was performed by Rev. Martin L. Goslin of the North Congregational Church.

The bride was given in marriage by her uncle, Mr. Clarence A. Russell of Belmont. She wore a gown of white

mousseline de soie in Empire style with a sweetheart neck and carried a bouquet of white gladioli. Miss Isabel Dorothy Lynch of Newton, sister of the bride, was the maid of honor. She wore a gown of aqua mousseline de soie and carried peach colored gladioli. Donald Ross Alexander of Watertown, nephew of the groom, was the best man.

A reception was held following the ceremony. The couple were assisted in receiving by Mrs. Lynch who wore a gown of black lace with a corsage of tea roses, and by the attendants.

On their return from a wedding trip to the White Mountains and Northern Maine, Mr. and Mrs. Ross will reside at 61 Middle st., Saco, Maine.

The bride is a graduate of the Newton High School and the groom is a graduate of the Fanaline Park School, Inverness, Scotland.

LORENTZEN—COLLINS

Miss Virginia Marie Collins, daughter of Mr. and Mrs. John Francis Collins of 77 Park st., Newton, was married to Gustav Lorentzen, Jr., son of Mr. and Mrs. Gustav Lorentzen of Arlington, at nine o'clock on Saturday morning, Sept. 30, in the Church of Our Lady, Newton. Rev. Russell Hayes performed the ceremony.

The bride, who was given in marriage by her father, wore a gown of white moire made with a bustle back and long court train. Her veil of fingertip length fell from a poke bonnet of velvet and she carried a bouquet of orchids and lilies of the valley. Miss Eleanor G. Collins, sister of the bride, who was her only attendant, wore cherry red moire and a matching poke bonnet of velvet with a short veil.

Arthur Lorentzen, brother of the groom, was the best man. The ushers were Charles Gallagher of Newton and Arthur Viano, Jr., of Arlington.

Mr. and Mrs. Lorentzen will reside in Allston on their return from a wedding trip to New York, Philadelphia and Washington.

The bride is a graduate of Lasell Junior College and the groom of the Wentworth Institute.

WATSON—NASH

Miss Geraldine F. Nash of West Roxbury, Mass., was married to Daniel E. Watson of Whitney rd., Newtonville, in St. Theresa's Church, West Roxbury, on Saturday morning, Sept. 30. Rev. Francis W. Shea performed the ceremony.

The bride was attended by her sister, Mrs. John B. Casey. Francis J. Watson, brother of the groom, was the best man.

A wedding breakfast at the Hotel Sheraton, Boston, followed the ceremony.

Mr. and Mrs. Watson will make their home in Newtonville. Mr. Watson is treasurer of the Watson Cut Sole Company.

WELCH—HOWARD

Miss Barbara Eleanor Howard of 175 Allerton rd., Newton Highlands, a niece of Mrs. Henry K. Rowe, was married on Saturday, September thirtieth, in the First Congregational Church, Randolph to Harold E. Welch of Waltham and New London, New Hampshire. Miss Howard attended the Newton schools and is a graduate of Thayer Academy and of Colby Junior College. Mr. and Mrs. Welch will be at home after October fifteenth at 89 Adams st., Waltham.

50TH WEDDING ANNIVERSARY

Mr. and Mrs. John D. Rockefeller of 235 Melrose st., Auburndale, celebrated the 50th anniversary of their wedding at their home on Tuesday evening, when they were hosts to about eighty guests and relatives.

Mr. and Mrs. Rockefeller have lived in Newton since April, 1902, and in their present home in Auburndale since October, 1909. They were both born in Albany, New York and were married on October 3rd, 1889 at Bath on the Hudson, now known as Rensselaer, by Rev. William Rounds. Mr. Rockefeller began his railroad career as a freight car repairman in the East Albany Shops of the Delaware & Hudson R. R. In April 1902 he came to Boston having been transferred to the Boston office of the Boston & Albany R. R. and he retired in August 1937 after 48 years of service.

He is a life member of Roswell Lee Lodge A. F. & A. M. of Springfield and has been secretary of the Royal Arch Chapter of Masons for seven years and in 1924 and 1925 was high priest of the chapter. Women's Club Activities

Edited by EMMA D. COOLIDGE

Fall Meeting And Reception At Northfield

The Massachusetts State Federation of Women's Clubs extends a cordial invitation to all clubwomen and their friends to attend the Autumn Meeting to be held in the Auditorium of Northfield Seminary, Northfield, on Thursday, October 19, with "The Fortnightly" of Northfield as hostess. The Federation will have the honor of having five representatives of the General Federation of Women's Clubs as speakers.

There will be two sessions. The morning session, from 10:30 a.m. to 12:30 p.m., will have for its topic "Getting Closer to the General Federation." Mrs. John H. Kimball, General Federation director for Massachusetts, will speak on "Clubwoman, What Next?" Our American Culture" will be discussed by Mrs. Carl L. Schrader, chairman of Fine Arts in the General Federation. Mrs. David Hays, chairman of Literature in the General Federation, will tell of "What America is Reading." Mrs. F. H. Clausen, chairman of American Citizenship in the General Federation, also is among the speakers; and Mrs. LaFell Dickinson, second vice-president of the General Federation, will present "The General Federation Speaks."

The afternoon session will open at 2 o'clock and close at 4:15 o'clock. Miss Elizabeth Shoemaker will tell "Stories of the Pioneer Valley." Mr. Vincent Sheean will express his "Personal Opinion."

All clubwomen will be welcomed at a meeting of the Hostess Club on the evening of October 18, at the Town Hall.

What Mr. Sheean will have to say will be especially interesting, as he has already declared in brief that: "The dictator states of Europe look upon the United States as their eventual enemy, the only nation to offer a real outlet to the spread of totalitarian ideology." Vincent Sheean is the author of "Personal History," and of "Not Peace But a Sword," and is a noted foreign correspondent.

Mr. Sheean spent the summer in Mexico, and the preceding year in Europe's danger spots, including Spain, Germany, Czechoslovakia, and France. He did special correspondence for the New York Herald Tribune, and collected material for a new book and magazine articles. "Not Peace But a Sword" relates his European experiences, and he hopes to base his next book on his adventures in Mexico.

"The dictator nations feel that they can handle everybody else but the United States," Mr. Sheean states. They have, he says, nothing but contempt for the countries of France and England. That is why he believes the Mexican border our vulnerable spot, and what goes on there of the utmost importance to the United States.

There is nothing that arouses the European controlled press to such fury as critical statements in the American press, he declares. They no longer care what Anthony Eden, Winston Churchill, or Duff Cooper have to say, but when Ikes makes a speech, they go crazy."

His elaboration of this "Personal Opinion" should be arresting to attention.

Alluring Bazaar, "Presidents' Arcade"

The Newton Centre Woman's Club is planning a Bazaar to be held on Wednesday, October 25, and Thursday, October 26, at the Club House. Entitled "The Presidents' Arcade," it will be sponsored by past presidents and vice-presidents of the Club under the general chairmanship of the past president, Mrs. John F. Capron.

Arcade shops and features will correspond to the committees of the Club, with special chairmen. American Home will include the Food Table, in charge of Mrs. Frank N. Nathan; and the Candy Table in charge of Mrs. Robert F. Hayden, assisted by Mrs. Willard Dalrymple. Antiques will be under the management of Mrs. George Willard Smith, and the International Gift Table will have Mrs. Walter Hartstone as chairman. For the Juniors, Mrs. Howard O. Winslow and Mrs. Madeline C. MacPherson will have a Table for Children. The House and Grounds booth will be presided over by Mrs. S. Hardly Mitchell and Miss Edith Gammans. Literature will be headed by Mrs. Ellis Spear, Jr., and Mrs. Lorenz F. Muther; and the Flower Mart will be in charge of Mrs. Frederick D. Robinson.

Art, under the direction of Mrs. Austin C. Benton and Mrs. Alden H. Speare, will arrange the decorations; and the Civic Centre will be presided over by Mrs. James H. Orr. Music is in charge of Mrs. John W. Merrill; and Mrs. Kirtley F. Mather who will offer dance numbers from the Sandusky Studio, as well as informal music. Mrs. David E. Goldrich will plan the Fashion Show by Flene's which will open the Bazaar at 11 a.m., as well as plan a series of movies for children each afternoon at 2 o'clock.

On Wednesday evening, Community Service, under the direction of Mrs. Francis R. Sweeney and Mrs. John F. Capron, will serve an Italian Cafeteria Supper in the Banquet Hall. Mr. Louis Volpe, well-known for his delicious Italian cooking, is in charge of the Supper, and he will be assisted by some of the Club's Italian friends from Thompsonville, and, as waitresses, the Upsilon Kappa Girls' Club. There will be some Club hus-

bands assisting, also. Each chairman will have tickets and no more than 200 can be served, so reservations must be made early.

Public Health offers a Milk Bar from 11 a.m. to 4 p.m. on both days for luncheon, presided over by Mrs. Frank H. Stewart and her committee of local doctors' and dentists' wives. Tea will be served on both afternoons by a committee headed by Mrs. Arthur H. Brooks and Mrs. E. Farnum Rockwood.

On that same afternoon the Art Galley will open with its first exhibition of this season when a collection of Arts & Crafts from the Master's School of Boston will be shown. There will be metal work, pottery, woodcarving, jewelry and paintings in oil and water-color. This exhibition is open to the public every afternoon, except Sunday, from 2 to 4:30 o'clock until the closing date, October 20.

The outstanding fall activity—"Presidents' Arcade"—will take place on October 25th and 26th.

for the social hour. Following the usual business meeting there will be an hour of music by three Newton artists: Hazel Theodorowicz, cellist; Charles Pearson, baritone; and Robert Giddings, son of one of the Club members, pianist.

On that same afternoon the Art Galley will open with its first exhibition of this season when a collection of Arts & Crafts from the Master's School of Boston will be shown. There will be metal work, pottery, woodcarving, jewelry and paintings in oil and water-color. West Newton Women's Educational Club

The West Newton Women's Educational Club will have for their first meeting of the season on Friday, October 13. The Allison Sister Gypsy Ensemble, who give a program which has been very well received throughout New England. The Club will meet in Second Church, at 2 p.m.

The Travel Class of the Educational Club will meet at the home of Mrs. Willard C. Church, 352 Waltham st., West Newton, on Monday, October 9, at 2 o'clock. Mrs. Louise C. Flellen will be assistant hostess. Parents will be served by Mrs. Gilbert R. Jones and Mrs. Ethel Leach on "New England—Its Beginning and Colonial Life."

Newton Highlands Junior Club

Miss Alma Bevis will be the speaker in an illustrated lecture on "Mexican Highways and Byways" at the first meeting of the Newton Highlands Junior Woman's Club on Tuesday, October 10, at 8 p.m., in the Workshop.

The business meeting will be preceded by a covered dish supper at 7 o'clock. The committee in charge includes Ann Decker, chairman; Betty Townsend, Sheila Cavanaugh, Yvonne Berge, Jean MacMillan, Jean Ferguson, Louise Dickinson, Grace McLellan, Constance Wheeler, and Gladys Trull.

Other Events of Local and State Interest

Juniors Will Meet in Easthampton

Junior clubwomen of the entire State will hold their Annual Fall Convention tomorrow, Saturday, October 7, in Easthampton, meeting in Ionic Hall at 10:30 o'clock, with the chairman, Miss Frances Letson, of Dorchester, presiding. Mrs. Frederick H. Burr, president of the Easthampton Woman's Club; and Miss Mae Cavanaugh, president of the Junior Club, will give the speeches of greeting. The morning meeting will be devoted to reports of the activities of individual clubs. Mrs. Henry W. Hildreth, State president, is expected to be a guest and speaker.

In the afternoon, there will be an address by Miss Josephine Bruno of Boston, one of the three girls chosen last spring as an outstanding Junior, who will speak on her summer's investigation of work done for cardiac children in different sections of the state. This is the charity cause chosen for the coming year, for which a Ball will be given at the Copley-Plaza Hotel, Saturday evening, November 4. Albert Scott, National promotional director of the Near East Foundation, will tell of educational plans of the girl student from Greece who is specializing at Harvard in physiotherapy work.

VEDUCCIOS IN LEAGUE**

The second week of the Newton Inter-City Football League features a Gath's Guards-Veduccios-Texaco game at Cabot Park next Sunday at 2 p.m.

The Guards played a nothing to nothing game with West Newton in the opener, as the weather man put the hex on their razzle daze type of football.

Although losing to the Thompsonville Redskins by two touchdowns Nonantum played fine ball and, with a few breaks, might have turned the tables. An interception of a forward pass brought one of the Redskins tallies.

The return of fair weather allows the coaches to drill the teams on last week's mistakes and as there have been no injuries the Gath's lineup at the kick off will probably be:

Clecone le, Ward lt, Anderson lg,
Kelley c, Daley rg, Bagley rt, Trumbull re, T. Ryan qb, Dyer fb, Columbo hb, E. Mullen rb.

Tops Game Newton Eleven
13 to 0 At Arlington Field****Spy Ponders' Hard-Running
Backs Stage Two Long
Drives For Scores**

Staging two drives of half the length of the field, a strong and powerful Arlington high football eleven topped a lighter but just as game Newton high eleven, 13 to 0, last Saturday at Arlington. The Arlington line far outweighed the orange and black forwards who also found difficulty in stopping the quartet of hard-running, first string backs on the Ostergren coached eleven. The Arlington scores came in the first and third periods as the climax of consistent ground-gaining plays that slowly moved the Newton team back. Red Preston, Arlington fullback, scored from the five-yard line on a line buck for the first points. Art Blanchard, Arlington quarterback, swept around from the eight-yard line for the second tally, avoiding the Newton secondary as they tried to drive him outside near the corner of the field. Co-captain Burns and Sanders aided materially in the Arlington drives.

Newton was never within scoring distance. Several potential marches petered out or were halted before becoming threatening by Arlington's defensive strength. Coach MacDowell's outfit never quit trying and at the final whistle were tossing passes, striving vainly to shake a receiver loose for a possible score. Arlington used a kickoff which bothered Newton considerably. Instead of having the ball held in upright position, it was kicked from its position resting the long way of the ball on the ground. Kicked in this fashion, the ball bounded crazily, never more than a few feet from the ground and exceptionally difficult to handle and giving the Arlington forwards the chance to get down onto the receiver before he could get started.

Newton's best chance came in the second period when Newton reached the Arlington 22 yard line. A penalty for a substitute talking ruined the opportunity. Arlington suffered considerable loss of yardage in penalties with Newton drawing only the one which cost them a possible chance to score.

First Period Captain Heath of Newton won the toss and chose to defend the west goal with the wind at Newton's back. Arlington kicked off with Hugo recovering a loose ball that hit a Newton lineman at midfield. On third down Beatty kicked with McNeil nailing Preston at the Arlington 25 yard stripe. On an exchange of punts Arlington put the ball in play on their own 34 yard line. An 8-yard pass on third down brought a first down at midfield and the Spy Ponders were on their way. Three more first downs in a row brought the ball to the Newton 5 yard mark. A nicely executed lateral from Sanders to Preston for 15 yards was the outstanding feature in this drive. From the 5-yard mark Preston crashed over but Blanchard's attempted dropkick sailed just outside the posts and the score stood at 6 to 0.

Second Period Avantaggio took the ensuing kickoff for 17 yards to the Newton 37. The first of several penalties against Arlington cost them 5 yards and Beatty received a Blanchard punt on the Newton 30. Arlington had been guilty of clipping at the Newton 45 and Newton put the ball in play there on the penalty. Arlington stopped Newton again and Hurley quickly kicked to the 20-yard mark. Three plays later the half ended with Beatty getting through to nail Sanders for a five yard loss on the last play.

Third Period Arlington's kickoff bounded around deep in Newton territory with Hurley finally getting control of it on the 5-yard line. On third down Beatty kicked to midfield and Ross, Newton Centre, brought Preston down at the Newton 45 after he had run half way across the field and back. Sanders got 3 yards at tackle and Burns swept around end to the 22 where Ross brought him down after a 20-yard gain. Boyer smacked Blanchard down with a jarring tackle on a gain of 5 yards. Preston made it first down at the Newton 8 yard line. Blanchard went around right end and cut in to elude the Newton secondary for the second touchdown. Blanchard's perfect drop-kick made it 13 to 0.

Fourth Period Beatty ran the Arlington kickoff back 15 yards to the Newton 31. A Beatty to Avantaggio pass for 20 yards was nullified by a Newton offside and Beatty kicked to midfield. Burns fumbled with Boyer recovering to give Newton possession of the ball. Two incomplete passes forced Beatty to kick with Blanchard being brought down at the 15-yard stripe. Arlington picked up a first down and 4 yards more on the final play of the period.

Fifth Period Arlington's kick-off bounded around deep in Newton territory with Hurley finally getting control of it on the 5-yard line. On third down Beatty kicked to midfield and Ross, Newton Centre, brought Preston down at the Newton 45 after he had run half way across the field and back. Sanders got 3 yards at tackle and Burns swept around end to the 22 where Ross brought him down after a 20-yard gain. Boyer smacked Blanchard down with a jarring tackle on a gain of 5 yards. Preston made it first down at the Newton 8 yard line. Blanchard went around right end and cut in to elude the Newton secondary for the second touchdown. Blanchard's perfect drop-kick made it 13 to 0.

Sixth Period Beatty ran the Arlington kickoff back 15 yards to the Newton 31. A Beatty to Avantaggio pass for 20 yards was nullified by a Newton offside and Beatty kicked to midfield. GUARD YOUR OWN AND NEIGHBORS CHILD FROM

SCARLET FEVER

Scarlet fever is primarily a "contact" disease, contracted from direct contact or contacting secretions from nose, throat or ears of the patient. Contrary to common belief, the first days are the most contagious in scarlet fever.

One to ten years are the most susceptible, but adults are not entirely immune. First symptoms are fever, severe sore throat, often a chill followed by more definite symptoms.

Remember:

1. Child with enlarged or infected tonsils and adenoids is more apt to contract Scarlet Fever.
2. Keep your child out of school or any home where there is Scarlet Fever.
3. Protect your child, if there are cases in school.
4. Keep your child at home and consult physician, if he has sore throat and fever.
5. By all means sterilize everything the patient has contacted after a case of Scarlet Fever.

**Speeders Fined
In Newton Court**

In the Newton court last Friday Judge Mayberry fined Ralph Lovejoy, 25, of South st., Natick, \$25 for speeding, as it was the defendant's second conviction within a year. Patrolman Dowling testified that Lovejoy operated his car at a high speed along California st., despite the fact that two women were pushing baby-carriages across the street. Lovejoy asserted that the women had crossed the street before he reached that place.

Among those fined \$5 in Newton court last Friday for speeding were Sylvia Petrys of 19 Elmwood park, Newtonville; and Daniel Willis, 18, of 1071 Commonwealth ave., Newton Centre. Others who were charged with speeding, but whose cases were placed on file by Judge Mayberry included Helen Archibald, 29 Highland ave., Newtonville; Albert Conti, 19, of 21 Harold terrace, West Newton; and Anna McDonald of 146 Randlett park, West Newton.

The following officers were elected: President, J. F. O'Gorman; vice president, Joe Smith; secretary, John O'Neill; treasurer, P. Hanson.

The season opened Monday night at the new Garden City Recreation Center where the Newton Post Office cleaned up Wellesley Hills taking all four points. Supt. O'Gorman of the winners was high man having a single string of 114. Waltham defeated West Newton 319. Needham won all four points from Waban while Newton Centre won three points from Watertown. Newton Highlands and Newtonville wound up in a tie with each team winning two points.

The standing for the opening week:

Newton Girls Tells About Overseas

(Continued from Page 2)

Virginia Rowland of 156 Hunnewell ave., Newton, who arrived home last week from a European trip, after having waited for a few weeks in Scotland to obtain steamship transportation, had some interesting information about conditions in Edinburgh, as the people apprehensively awaited the orders of war and expected bombardments by German airplanes. Miss Rowland, who is a student at Mount Holyoke College, was one of a party of eleven girls who sailed from New York on July 11 on the S. S. Cameronia of the Anchor Line under the auspices of the International Friendship League. Five of the girls went to homes in Ireland to spend a couple of weeks in Irish homes, and six, including Miss Rowland, after a short tour of England, France, Norway and Sweden, spent 11 days in homes in Denmark.

They arrived in Edinburgh, Scotland on August 24 and were scheduled to sail from Glasgow on August 25. But, the British government commandeered that ship, and the girls had to wait for a few weeks until they obtained passage on the American ship, Orizaba. That boat made the trip across with floodlights focused on United States flags and with overcrowded staterooms and people sleeping in cots in the social rooms and halls. Early in the morning of a day on the trip toward home, a short circuit on the wire system of the boat, caused the bells to sound an alarm of warning, which brought frightened passengers rushing to the top deck in apprehension of a torpedoing from a submarine.

Miss Rowland said that there was an air of tenseness in Edinburgh, but the people are courageous and steeld up for the worst, after a long period of apprehension. Young men have been called to the colors, children have been evacuated to country villages and towns and young women have gone to assist in caring for these children. Air-raid shelters have been constructed in Edinburgh, Glasgow and other Scottish cities, and trenches dug along principal streets and squares for the locating of anti-aircraft guns. Blackouts started on the night of September 1 and an air-raid signal was sounded on that night, which caused people to flee from streets into the dubious shelter of buildings. Seventy-two searchlights have been placed in and around Edinburgh, and there is a balloon barrage above Glasgow.

WALTER T. HEALEY

Despite efforts of Newton firemen Mrs. Mary Hershfied, 58, of 24 Williams st., Upper Falls, died at the Newton Hospital on Wednesday morning at 4 of heart disease. She was stricken at four at her home on Tuesday afternoon. Her physician, Dr. Carl Levinson, telephoned to the fire department and a squad of firemen worked on her with an inhalator for three-quarters of an hour. She was then taken to the hospital in the police ambulance.

WALTER T. HEALEY

The article by Herbert Hoover, reprinted in leading newspapers of this country the past week, in which he exhorts the U. S. A. to stay clear of the European imbroglio, could not but meet with the approval of millions of Americans. The suggestion of Senator Clark that the President offer his services as a mediator to bring about peace in Europe, also met with the approval of many, and was in line with the advice of Lloyd George. Others will agree with Winston Churchill—that to allow Germany and Russia to maintain the spoils they have acquired means only further aggression and conquest by these two totalitarian countries, and will result in world domination by them. There are those who argue convincingly that if the "democracies," England and France, want to contribute to world-wide lasting peace, why do not these empires, with their widespread colonies, offer to disgorge some of their colonial possessions.

Councilman Robert Elder of Waltham has been working assiduously to have that city abandon dumping combustibles at the Woerd ave. area adjoining the Newton line. If he succeeds, he will earn the gratitude of many residents of West Newton and Auburndale, to whom the dump has been a nuisance for years. Mr. Elder now contends that this dump may be one of the sources of pollution in the Charles River.

In connection with Woerd ave., we have been informed that another attempt is to be made to have the taxpayers of Newton pay for the improvement of Rumford ave., which leads to the Woerd ave. section in Waltham from the intersection of River and Lexington sts., West Newton. Rumford ave. in Newton is about a quarter of a mile or more in length and runs across a swampy area. Newton received little or no taxes from this unaccepted, narrow lane. The apology for a street in former years had on it tracks of the Middlesex & Boston Street Railway, as part of the route of its Newton, Dennis, Auburndale line, and the M. & B. had to keep these tracks in repair. Since buses replaced the electric cars, several attempts have been made to have the City of Newton improve and accept the street without the abutters paying for it. Why should Newton taxpayers spend thousands of dollars to improve a street to make a roadway for a bus company which enjoys a monopoly in this city; especially a street which is used by the M. & B. to provide transportation for residents and employees of factories in another city? And why should Newton taxpayers, who live on unaccepted streets which are in bad condition, be assessed to improve a street from which practically no taxes are obtained?

Alfred Carreno of 147 Highland ave., West Newton who was arrested recently by State police for the alleged illegal practice of medicine, filed a motion this week with the Superior Court asking for the return of books and private papers which were seized at his home. Judge Gray refused the demand, stating that the records were held as evidence, but that copies of them would be given to the defense.

JOHN CALNAN

John Calnan, of 868 Walnut st., Newton Centre, died on Oct. 1. He was born in County Cork, Ireland, 74 years ago, and had resided in this city for 50 years. He had been employed by the Street Department for 23 years. He was a member of Father Lee Court, M. C. O. F. Mr. Calnan is survived by his widow, Mrs. Hannah (Dolan) Calnan; four sons, James of Jamaica Plain, Fergus of Newton, Eugene of Lexington and Daniel of West Newton; four daughters, Mrs. Henry Mullin of West Newton, Mrs. Leo Madigan of Watertown, Mrs. Harold Porter of Auburndale and Miss Genevieve Calnan of Newton Centre; 16 grandchildren and four great-grandchildren. His funeral service was held on Wednesday at Sacred Heart Church and burial was in Calvary Cemetery, Waltham.

ANNE SHANNON

Mrs. Anne (Dolan) Shannon of 22 Rockland st., Newton, wife of John D. Shannon, died on September 29 at St. Elizabeth's Hospital. She was born in County Leitrim, Ireland, 69 years ago and had resided in Newton for about 50 years. She was a member of Middlesex Court, M. C. O. F. and the Sodality of Our Lady's Church. She is survived by her husband; three daughters, Sister Anna Madeline and Sister Roberta Marie, both of the Sisters of Charity, and stationed at South Orange and Paterson, New Jersey, and Mrs. Agnes Fitzgerald of West Newton; and two sons, Henry and Thomas Shannon of Sharon. Her funeral service was held on Monday morning at Our Lady's Church and burial was in Calvary Cemetery, Waltham.

ANNE SHANNON

On October 13, Mr. Joseph Champagne will begin his 15th consecutive year of dancing classes in the Newtons at the Neighborhood Club, in Waltham. An elaborate and extremely interesting schedule of classes and assemblies has been planned. Because of the unusually large enrollment Mr. Champagne will have an assistant at all events this year.

Assemblies and Dancing Classes will be held during the season at the Neighborhood Clubs in Waban and West Newton and at the Hunnewell Club, Newton.

The Champagne School of Dancing located at 454 Stuart st., Boston, is considered one of the finest dancing schools in the east.

Powers' Paragraphs

(Continued from Page 2)

so-called European democracies did at Versailles. We know the ingratitude they manifested toward the Democracy that saved them, their refusal to make any sincere effort to repay the billions loaned them. We know the machinations of France, Italy and England. We know they permitted the rise of the Nazis in Germany and the arming of that country to its present state of superiority. And despite all this the President of this country and those members of Congress subservient to him, not only propose to change the neutrality act to permit the sale of war munitions to France and England "on a cash and carry" basis, to which millions of us became reconciled because of the pacts between Germany, Italy and Russia, but they are endeavoring to supply munitions of war to the warring countries on credit. And the argument is the same as it was in 1917—"to make this world safe for democracies," and to end not "wars," but Hitlerism.

Why is President Roosevelt pursuing this course? Does he want this country to repeat the mistake it made in 1917; a mistake that to date has cost the people of the U. S. A. over \$41,000,000,000, and will eventually cost much more? A mistake that to a large degree resulted in the economic depression which has now lasted over 10 years. A mistake, which if repeated will destroy democracy in this country and result in Fascism. Is Mr. Roosevelt so anxious for a third term that he is willing to have this country become entangled in the mass-suicide and homicide of Europe. If not, why does he not declare that he is not a candidate for another term and by so doing cause millions who are in doubt of his motives to realize that he is sincere and not actuated by selfish motives.

Will Explain New Telephone Rates At Kiwanis Club

At the meeting of the Newton Kiwanis Club at the Charles River Country Club, Oak Hill, on next Tuesday noon, Joseph C. White, director of the telephone division of the Department of Public Utilities will speak on the proposed changes in telephone rates which will be put into effect when the new telephone exchange at Newtonville will be placed in operation. James M. Cushing of the telephone division will also talk. This exchange will house all three present exchanges in this city, Newton North, Centre Newton and West Newton, and the automatic dial system will be installed.

Certain reductions will follow in rates as a result of the change. The charge for calls to Boston exchanges from telephones in the area now served by the West Newton exchange will be 5 cents, instead of 10 cents. Changes will be made in unlimited contiguous service, and also in measured service, according to plans. Some exchanges now included in these areas will be excluded, and others will be included. One proposed change which will meet objections is that which removes Belmont and Cambridge from "unlimited contiguous service" at Newton North exchange. Another is the proposal to increase the charge between Centre Newton and the Dorchester and South Boston exchanges from 5 cents to 10 cents.

To Build Market On "Opera House" Site

The property at the corner of Centre and Pearl sts., Newton, formerly the site of the "Newton Opera House," has been sold by Newton Theatre, Inc., to Joseph Shapiro of Boston, who intends to erect thereon a self-service market which will be leased to a chain-store corporation. On Monday a large power-shovel started excavating at the site, although no permit had been issued by the Newton Building Department. A representative of the Building Department went to the site on Tuesday when the department was informed of the activity at the place, and was informed that the application for the permit was in the mail. Information was given that the proposed one-story building will be 59 feet wide on Centre st. and 140 feet deep on Pearl st. The lot contains about 20,000 square feet.

The property on which the new market will be erected was the home-site of one of Newton's first settlers, Richard Park. He was one of the proprietors of Cambridge (Newton) in 1636 and was granted 11 acres of land in Cambridge Village (Newton) in 1647. The highway to Dedham was built through part of his land in 1648. In the memory of present residents of Newton, the property was the site of the home of Edwin Robinson, who purchased it about the time of the Civil War. About 30 years ago it was purchased by a man named Fisher, who erected a moving picture house on it, and called the "Newton Opera House."

No operas, however, were produced at the "Opera House." Several years ago the property came into the ownership of Newton Theatres, Inc., a group of local men who had built the Community Theatre. They acquired the property in connection with the sale of the Community Theatre to the Paramount theatre interests.

The hearing, that although he was not authorized to speak for the Newton City government, he believed Newton's allotment to be reasonable. Dr. Choate informed the Board of Health that he had also expressed the opinion that the grade of the river above Upper Falls should be held at 92 feet, and under no consideration should be held below 91 feet on account of Newton's water supply.

The Board of Health granted an undertaker's license to Martin Conroy of 67 Pearl st., Newton. Applications for similar licenses from Joseph Pennachio, 196 Adams st., Nonantum, and Philip McHugh, 44 Lexington st., West Newton, were held for certification by the State Board.

Director White Speaks at Kiwanis Club Meeting—Three Newton Exchanges To Be Consolidated in New Building

At the meeting of the Newton Kiwanis Club on Tuesday proposed changes in telephone rates in Newton were explained by Joseph C. White, Director of the Telephone Division of the State Department of Public Utilities, and by Inspectors Cushing and Matthews of that division. The changes will be made as a result of the consolidation of the Newton North, Centre Newton and West Newton exchanges into the new Newton exchange, which is being built at Washington st. and Central ave., Newtonville. The three present exchanges in this city will be housed in the new building and thereafter Newton will be considered as one area.

The new exchange will enable telephone subscribers in this city to have the modern dial system. To bring about this improvement the telephone company is laying miles of trenches rapidly excavated in the principal streets of the city for the installation of underground conduits and cables. Manager Campbell of the Newton telephone office, who was a guest at the meeting, subsequently brought out in informal conversation, that the cost of building the new exchange, installing the intricate dial-system equipment, and laying the underground cables, will exceed \$4,000,000, and this expense will be borne by the telephone company without additional cost to subscribers. It is expected that the new system will be in operation in November, 1940.

The consolidation of the three present telephone exchanges in this city will provide for subscribers of the West Newton exchange something which they have long sought, a reduction in the cost of calling Boston exchanges from 10 cents to 5 cents a call; the same rate which Newton North and Centre Newton subscribers have been charged in the past. Newton North and Centre Newton have been Class A exchanges, and West Newton a Class C. The consolidation will place West Newton in the Class A rating, the same as the other Newtons. It will entail a 25 cents increase in the basic rates for West Newton, but the added services which subscribers in that section will enjoy as a result of the consolidation is expected to more than offset the small increase.

The unlimited business service which some subscribers in West Newton have had the advantage of, because that exchange was rated as Class C, will be discontinued, as the West Newton area will be on the same rating as Newton North and Centre Newton have been—Class A. In Newton North area calls to Cambridge and Belmont will be taken from unlimited contiguous service; Wellesley and Needham will be added to this type. Waltham service which is now contiguous territory to West Newton and Newton North will become similarly available to Centre Newton subscribers.

Director White invited anyone present at the meeting to ask questions.

Hearing On Cullen Case Commenced at City Hall Tues.

Objection Made To Admission Of Remarks By McCabe

The hearing relative to the discharge of former Sergeant-Mechanic Bart Cullen from the Newton police department started on Tuesday at Newton City Hall before Alexander Lincoln of Brookline who was designated by the Supreme Court to serve as master to obtain evidence and make a report on this case. City Clerk Grant was the only witness summoned to appear on Tuesday. He produced the records of the Newton Board of Aldermen relative to their actions affecting Cullen, and the abolition of the office of sergeant-mechanic.

On Wednesday Alderman George Rawson, chairman of the Claims & Rules Committee of the Board, was on the witness stand. He testified that his committee received on March 29 the report of the special committee of Aldermen which had been appointed to investigate the office of sergeant-mechanic, and discussed this report on April 3. The report presented by the special committee, of which Alderman Inches was chairman, was presented. It gave the reasons why the office of sergeant-mechanic should be abolished.

Francis X. Hurley, attorney for Cullen, asked Alderman Rawson if he knew Edward C. McCarthy, who was involved in the investigation by the special committee, and Rawson replied in the negative. Rawson also stated, in reply to a question by Hurley,

Wilson Is Named Commissioner Of Recreation

Mayor Submits Appointment To Aldermen For Action At Next Meeting

F. Ewing Wilson of Ellison rd., Newton Centre, was appointed Director of Recreation by Mayor Childs on Monday. A communication to this effect was received by the Board of Aldermen at their meeting on Monday night. Mr. Wilson was for some years director of physical education at Newton High School, and this year is assigned to the F. A. Day School. Last June he was appointed Acting Director of Recreation by Mayor Childs and he had charge of playground activities during the past summer. Despite the fact that Mr. Wilson did an excellent job, received the enthusiastic co-operation of the playground staff, and praise from the Recreation Commissioners, Mayor Childs late in August appointed Reginald W. Brown of Newtonville as Recreation Commissioner.

Criticism of the Mayor's appointment of Mr. Brown was made because the Mayor did not confer with the members of the Recreation Commission before he made the appointment. The Board of Aldermen refused to confirm the appointment, at their meeting on Sept. 11, and on Sept. 16 the Mayor appointed Mr. Brown Acting Recreation Director. The Mayor's appointment of Mr. Wilson as Director of Recreation was laid on the table, in conformity with the rule of the Board of Aldermen. It is expected that the appointment will be confirmed.

Francis X. Hurley, attorney for Cullen, asked Alderman Rawson if he knew Edward C. McCarthy, who was involved in the investigation by the special committee, and Rawson replied in the negative. Rawson also stated, in reply to a question by Hurley,

Goddard Campaign Committee Named

The committee which will conduct the campaign for Paul M. Goddard in his candidacy for Mayor of Newton includes the following—Campaign Manager, Roy V. Collins of Newtonville; Chairman of Women's Division, Mrs. Ellis Spear, Jr.; Ward 1, Richard H. Lee; Mrs. Donald L. Gibbs; Ward 2, Spencer S. Dodd, Mrs. William R. Matteson; Ward 3, Loomis Patrick, Miss Helen F. Potter; Ward 4, Harold B. Buse, Mrs. F. Leslie Ford; Ward 5, James F. Crafts, Mrs. B. Alden Thresher; Ward 6, Harold P. Carver, Mrs. Walter Hartstone; Ward 7, Gordon B. Russell, Miss Eleanor A. Dwyer.

Telephone Rates To Be Reduced

Telephone subscribers in Massachusetts will enjoy savings totalling \$175,000 a year according to rate changes made public on Wednesday after a conference between members of the Public Utilities Commission, and officials of the Telephone Company. Chairman McKeown of the Utilities Commission stated that not only will there be reductions in charges, but there will be extensions of the dial system in Greater Boston.

Among the proposed reductions and improvements will be—direct dial service on calls within a 16 mile zone in Greater Boston, and substitution of a message unit rate between Greater Boston and Lynn instead of the present 10 cents and 15 cents rates and changes in the mileage unit rates.

New Centre Plans Presidents' Arcade

A large group of the Newton Centre Woman's Club are actively working for the success of their big fall activity which they are calling the Presidents' Arcade because it is being sponsored by the past presidents and vice-presidents of the club. The general chairman is past president Mrs. John F. Capron. For the event, which will be on the 25th and 26th of October, the club's auditorium will be transformed into a colorful group of shops, each shop or feature representing a department of the club work as listed in the Year book.

The grand opening will be a fashion show at 11 o'clock on the first morning—Oct. 25; and on both afternoons moving picture shows will be given for the children. Further details will be found in the Women's Club Activities.

Oak Hill Imp. Assn. Listens To Talks On "Local Taxes"

The semi-annual meeting of the Oak Hill Improvement Association was held on Monday evening at the Oak Hill School and was featured by talks on "Our Local Tax Situation" by Warner Eustis of the Newton Taxpayers Association and Alderman Donald MacKay. Mr. Eustis said:

"The ideal situation is to have as little load of government as possible, so that these things which we possess shall be completely ours." That modern society requires not only individual property but communal property, such as roads, meeting houses, churches, hospitals, fire departments, schools, a postal system and defense. The more of these communal activities the greater load upon the producer. Altogether, he said, everybody attempts to get something for nothing, and we end up with a situation where the expenses of our government are built upward and upward, each individual preaching economy, but failing to realize that his particular demands are part of the total demands.

Mr. Eustis pleaded that we stop asking for improvements. "Let's see, he said, if we can't live a more simple life as regards our governmental functions and have a little more money to spend for ourselves." The Taxpayers Association is formed by a group of prominent and philanthropic citizens for the purpose of presenting an organized front against the social injustice of increasing taxation. It is non-political. They endorse no one for public office. There are 24 directors with at least three from each Ward. In Newton we are blessed with a government by a very intelligent class of individuals both elective and appointive. This, contended Mr. Eustis, doesn't mean that everything is perfect in Newton—for it is. For instance, we have the second biggest debt per capita in the State. With this situation we can't desirably keep down our tax rate by borrowing or deferring expenses. Also, we ought to stop borrowing and reduce the present load over the next few years.

In referring to our schools which he said was our biggest expenditure, there are none finer, thanks to the initiative of Newton citizens and their selection of school officials and teachers but he called our attention to the fact that actually we have very nearly the highest expense per pupil in the State. Too much supervision and interference with self-propelling traits of independent action with the well-intended purpose of either molding or helping children, produces not only expense but a deadening of initiative—the "will to do."

Alderman Donald D. McKay discussed the financial side of the City's history, illustrating with charts the growth of the City in population and assessed values. Actually the city has grown from 40,000 in 1914 to over 70,000 in 1939 while during the past eight years there has been relatively little change in total valuations. The tax rate in 1919 was \$18.80 and has increased to the present rate of \$30.20 in 1939. Each \$100,000 represents sixty cents in the tax rate. He explained how the city avoided a substantial increase in the tax rate this last year by showing that the Aldermen denied \$200,000 of the budget recommended by the Mayor. \$21,000 was allotted to the city by the State Legislature for highway purposes; \$215,000 was refunded by the State while income from cigarette tax as well as funding \$80,000 of the \$113,000 Hurricane Loan all added together made it possible to hold the tax rate to its present level.

Maynard Hutchinson spoke relative to the Community Chest Campaign and the good work it has accomplished. He said that during the past six years the Oak Hill district has doubled the amount given and quadrupled the number of individual givers.

The members were informed that the WPA project of widening Brookline st. may start in December if approval is received from Washington. The next open meeting of the association will be held on December 5. General Daniel Neel will talk on "The Problem of Safety," and Sinclair Weeks will also be present.

Not Guilty of Drunken Driving

Joseph J. Coletti of Lincoln rd., Newton, was found not guilty of drunkenness and driving while under the influence of liquor by Judge Creahan in the Newton court last Thursday. Coletti was arrested on September 26 by Patrolmen FitzSimmons and McEnaney after the car he was driving had collided with a bus at Crafts and Watertown sts., Newtonville. The arresting officers, Patrolman Greeley, the patrol wagon officer, and Lieut. Mahoney, the booking officer, all testified that Coletti had staggered, but they also testified that they did not smell liquor from his breath.

NEWTON BOYS ON DEAN'S LIST AT M. I. T.

The names of the following Newton young men appear on the dean's list of Massachusetts Institute of Technology: Robert Stetson Shaw, Philip Edmund Phaneuf, Emery St. George, Jr., Charles Buford Jones, Elmer Folsom Greenleaf, Mitchell Joseph Marcus, Oliver King Smith, Arthur Paul McCabe and Robert Austin Bittenbender.

Cummings To Run For Wd. 5 Alderman

Harry B. Cummings of 244 Dorset rd., Waban, has announced that he will be a candidate for Ward Alderman.

Harry B. Cummings

man from Ward 5. He was born in Woburn 33 years ago and has lived 9 years in Waban. He graduated from Dartmouth in 1927, and has a degree of Master in business administration from Boston University. He is employed as a sales engineer. He is married and has two children. Mr. Cummings is vice-president of the Waban Boy Scout's council and has been active in the Community Council. He will oppose Clifford H. Walker, who has been Ward Alderman the past 5 years.

MacGill To Run for School Committee

C. Frederick MacGill of 35 Langdon st., Newton, will be a candidate for member of the School Committee from Ward 1. He states that he has been asked by many Newton people interested in the schools of this city to be a candidate for the office. Mr. MacGill was born at Keeseville, N. Y., and is a graduate of Union College of Schenectady, and Harvard Law School, 1915. He was formerly associated with the Mount Ida School of Newton. Mr. MacGill says that he is interested in the welfare of Newton schools and the city. He has never been a candidate for public office before, but has served the community in work connected with charities, and in the Chamber of Commerce. Three of his children attend Newton public schools: one the high school, one the Bigelow junior high, and one the Bach School.

Appointments To Newton Police

Chief of Police Hughes last Saturday announced the appointments of Augustus White, 34 Alden place, West Newton, and William Howley, 416 Parker st., Newton Centre as members of the permanent force of the Newton police department. Both have been members of the reserve force, having been appointed on December 18, 1937. On the same day Chief Hughes appointed to the reserve force James Motherway of 4 Margaret rd., Newton Highlands, and Myles MacNeil of 7 Orchard st., Newton. MacNeil is the son of John MacNeil, retired Newton policeman.

Newton Student Wins Technology Award in English

Newton High School will receive a Technology Award, an honor presented annually by the Massachusetts Institute of Technology to high and preparatory schools whose students achieve exceptionally high scholastic standing in their first year at the Institute, it was announced this week.

The awards are given for excellence in one of the five principal first-year subjects which are physics, chemistry, calculus, English, drawing and descriptive geometry.

The former Newton High School student who won the Technology Award for his school is Emery St. George, Jr., son of Mr. and Mrs. Emery St. George, 96 Withington rd., Newtonville, who excelled in English. St. George was graduated from Newton High School in 1938 and entered Technology in September of that year. He received a George H. May Scholarship in his first year.

This year's awards, which are in the form of richly bound volumes, were announced by Dean H. E. Lobdell of Technology. Each volume bears a specially designed bookplate inscribed with the name of the student who brought his school the honor, and the subject in which he excelled. Each bookplate is signed by Dr. Karl T. Compton, President of the Institute.

Bazaar At St. John's Church In Newtonville

Saint John's Episcopal Church in Newtonville will hold a bazaar in the Parish House (Lowell ave. and Otis st.) all day Friday and Saturday, October twentieth and twenty-first from ten o'clock in the morning to ten at night. The bazaar is called "The Streets of Normandie" and the Parish House will be decorated to represent such streets and the shops. The shops will offer a wide variety of interesting items to suit the taste and fancy of everyone. There are popular features among which are gypsies, shooting galleries, and refreshments. There is also the special attraction of two Gypsy booths with Mari the Royal Palmist and Holly Lee the Fortune Teller in attendance. Both Friday and Saturday evening supper will be served from six to seven-thirty. These suppers will be prepared by Mrs. June Chipman. There is no admission charge to the bazaar.

Braeland Ave. Signs Not Authorized

Braeland ave., Newton Center, runs from Cypress st. to Langley rd. On one side are residences, on the other the depressed tracks of the Boston & Albany railroad. For years residents along this short, narrow street have been bothered because it has been used as an all-day parking space by automobile owners, some of whom used it as an all-day garage while they commuted to Boston. Others of the parked cars were allegedly owned by persons employed locally. In past years signs restricting parking were placed on Braeland ave. But these signs have not been obeyed. Policemen have tagged cars parked in violation of the instructions on the traffic signs, but the parking continued, and it has been suspected, rightly or wrongly, that some of those whose automobiles were tagged, did some fixing.

A few weeks ago Patrolman John E. Greene was assigned to duty day in that part of Newton Center which includes Braeland ave. He soon started to receive complaints about the parking on Braeland ave., and he proceeded to get busy. Also, Patrolman Greene did some investigating to ascertain if the signs on Braeland ave. had been duly authorized by the Board of Aldermen. He found that they had not. The only traffic ordinance passed affecting Braeland ave. was one prohibiting parking within 35 feet of either end of this street. So, it is up to the Aldermen whether, or not ordinances will be passed to restrict parking on the "avenue."

Gas consumers find a cause for satisfaction this week in the announcement on their bills that the price is reduced to \$2.75 per thousand feet, with 25 cents off for payment within 20 days. Thus, the price is reduced to \$2.50 per thousand feet; a popular step.

Look out for the total eclipse of the moon Saturday evening. It will rise about sunset, totally eclipsed, and the progress of the shadow may be watched for an hour or so. The moon is unusually accommodating, giving this show at so early an hour.

The box placed in the Newton post office to receive donations for Mrs. Steele's home for colored orphans at Chattanooga, Tennessee, has not yet been filled to overflowing, but hearty thanks are returned to donors of these articles—three cakes of soap, 46 pennies, three yards of ribbon, and one coat. Mrs. Latte, who has charge of the donations, wishes to renew the appeal for contributions of money, old clothes, or anything that will go toward clothing small children.

The Board of Aldermen and the Common Council met on Monday night and voted to buy the old Channing Unitarian Church for \$6000 and fit it up as an armory for the Clifton Guards, Company C, 5th Infantry. This will be a savings to the city as the rent paid for an armory now is \$600 per year.

The Newton Local Council of Girl Scouts will welcome eight new members at its first meeting on Saturday, October 17th. They are Mrs. Harold Jenks, chairman of the Personnel Committee; Mrs. Kenneth Crafts, chairman of the Nominating Committee; Mrs. A. S. MacMillan, chairman of the Physically Handicapped Committee; Mrs. Henry T. Dunker, Mrs. John Wheelock, and Mrs. Everett Brooks, members at large; Mrs. Raymond Capobianco, Village Chairman for Newton Upper Falls; and Mrs. C. L. Heckman, Needlework Guild representative.

New members of the Leaders Association, joining as Captains and Lieutenants are: Mrs. Richard Moore, Mrs. L. E. Schoonmaker, Mrs. John Bowen, Mrs. Thomas Fahy, Mrs. Dexter Dimock, Mrs. Arthur Ashenden, Newton Highlands; Mrs. Howard A. Whitton, Mrs. H. W. Busch, Mrs. Elmer Pilsbury, Mrs. Henry S. Kimball, Newtonville; Mrs. George Better, Auburndale; Mrs. Arthur Green, Newton Lower Falls; Mrs. L. F. Powers, Newton Centre; Mrs. Albert Westwood, Mrs. Wm. Bowditch, Mrs. Walter Taylor, West Newton; Miss Rhoda White, Nonantum; and Mrs. James Mosely, Miss Margaret Coates, Mrs. F. T. Hackley, Miss Charlotte Root, Waban.

Hunnewell Club

The activities of the Newton League started on Wednesday, Oct. 4th, with four teams bowling Bottle Pins. In a match held Monday, Oct. 9th, at Hunnewell Club the home team won seven points and at the present time leads the League with fourteen points won and four lost. Henry Johnson, Jr., was the high roller of the evening with 560 and is tied for second with Bill Blandy in the individual standing.

At the regular meeting of the executive committee seventeen new members were admitted to membership, among these was Frank K. Perkins prominent bridge expert and author of several books.

The Central Club of Newtonville is starting a bowling tournament on Wednesday, Oct. 18th, and will continue through the season, bowling every other Wednesday.

The League Bridge season opens on Thursday, Oct. 19th, with a match with the Mangus Club. In these bridge matches which are played at duplicate each club is represented by eight men.

PARISH PLAYERS

The Parish Players of Newton Highlands are opening the season with the presentation of "Kind Lady" by Edward Chodorov, on October 24 and 25 in St. Paul's Parish House.

The play is under the direction of Professor William Northrop Morse and includes the following members of the cast: Mrs. Carleton Perkins, Mr. Robert Allinglass, Mrs. Harry Brooking, Mrs. Herbert Odell, Mr. Emery Leonard, Mrs. Emery Leonard, Mr. Ben Evans, Mr. Kemp Lamberton, Mr. Victor Badger, Dr. Arthur Vernon, Mrs. Charles Brown, Rev. Charles Farvar, Mrs. Carlton Blanchard.

Those assisting in the production are: Mrs. Dexter Dimock, stage manager; Mr. Robert Hoeh and Mr. Ben Chase, stage construction; Miss Ann Reynolds, decorating; Miss Carolyn Crowell, properties; Mrs. Carleton Perkins, costumes; Mr. Summer Smith, lighting.

Refreshments will be served by the Social Committee. Mrs. Roy Booth, chairman. Members of the committee include Mrs. Fred Wire, Mrs. Ben Evans, Mrs. John Bogardus, Mrs. Ralph Thompson.

There is a painful rumor that this year a change will be made in the plan of conducting our evening schools, and that only the actually illiterate can attend them. That is—

Talking about Registrar Goodwin reminds us that several weeks ago the Chief of Police of Milford requested that Registrar to put a stop to the current, nonsensical vogue adopted by youths, who don't show much intelligence, by attaching spurious foreign registration plates to their cars, usually onto the legal registration plate. The fake European and Asiatic number plates can be purchased for a few cents in stores, and when attached onto or near a legal registration plate make it more difficult to read the latter, especially at night. So far as we know, Mr. Goodwin has taken no action to prevent the foolish and confusing use of the joke plates.

If you want to observe a practical demonstration as to why there is so much unemployment in this machine age, watch the trench-digging machines being used by the contractors who are engaged in the projects of laying the conduits for the telephone company in Newton streets. One of these machines will accomplish as much as would 40 or more men with picks and shovels.

**Cadillac-La Salle
New Cars Shown
At Frost Motors**

Representative models of the seven series of 1940 LaSalles and Cadillacs are now on display at the showrooms of Frost Motors, Inc., 399 Washington st., Newton. Percy E. Frost president, and his associates extend a cordial invitation to the public to visit the showrooms.

The latest cars are longer and with vastly increased passenger room over those of a year ago. Improved performance, easier and safer control features. A lower, more graceful design results from a further development in streamlining. Comfort benefits not only from broader bodies, but from new cushions and spring suspension.

Two series have been added to the five built by Cadillac during the 1939 model season. These, the LaSalle Special and Fleetwood Seventy-two, give the General Motors unit its most comprehensive spread through the medium and upper price ranges.

The LaSalles have frontal resemblance, although entirely different passenger compartments. Again a distinctive, narrow radiator center piece in hood and high-crowned fenders. Headlamps of improved construction are fender-mounted. Bodies of each series carries the gently curving all-steel top, but the Special's lines are more strongly reminiscent of the low-slung Cadillac Sixty Special that has set new styling standards.

Influence of the Cadillac Sixty Special also manifests itself in the Cadillacs which for 1940 will be built in one standard and four Fleetwood body series. Except for the Cadillac Sixteen, which due to a conservative clientele is unchanged in exterior, all Cadillacs have a family appearance relationship.

The center radiator grille rounds to a "V" its rugged horizontal lines being flanked by vertical chromium-circled stripes on the catwalks. Lean, conical headlamps are mounted on the side of the hood with parking and directional signal lights placed high on the deeply valanced front fenders. Rear quarters, marked by parabolic trunk lines, afford unusually sound balance in design.

Series designation in the Cadillac 1940 lineup are Cadillac Sixty-two, Cadillac Sixty Special, Cadillac Seventy-two, Cadillac Fleetwood and Cadillac Sixteen.

Numerous advances in both chassis and bodies will find favor. One innovation on the two LaSalles and two lowest priced Cadillacs injects a custom note of striking eye-appeal. Optional upholstery fabrics will this year be accompanied by choices in the shade of the dash panel, control knobs and garnish moldings.

The new clear-vision glass is adopted to both windshields and body windows and eliminates distortion formerly present where plastic was used as a binder between layers of safety glass.

Many other features and improvements will please the motoring public.

Recent Engagements

Mrs. John R. Sweeney of Newton Highlands announced the engagement of her daughter, Miss Dorothy E. Sweeney, to Mr. Deniel Richardson of Albany, N. Y., at a tea at her home on Saturday, Oct. 7. ... WOMEN'S CLUB ACTIVITIES ...

Edited by EMMA D. COOLIDGE

Fall and Winter Style Trends In Fashion Show

Filene's "Stylist" will discuss "Fall and Winter Style Trends" at the first meeting of the Woman's Club of Newton Highlands, which will be held Tuesday, October 17, in the Congregational Parish House at 2:30 p.m. Following the regular business meeting, with Mrs. Malcolm Green, president, presiding, and a group of musical selections by the Club Chorus. Club members will model costumes from this store.

Guest tickets at 50 cents for this Style Show may be obtained at the door.

An informal tea and social hour will follow.

An Afternoon With the Press

"An Afternoon with the Press" will be the novel program at the first meeting of the Community Service Club of West Newton to be held on Wednesday afternoon, Oct. 18, at 2 o'clock, in the Parish House of the Second Church. Mrs. Leslie Pratt Phinney, president of the Club, will give a word of greeting to the Club members after the summer recess, and will preside at a short business period. Following this, several well-known press personalities will speak briefly on the importance of modern publicity and on public relations, and describe how to identify publicity when one sees it. Several months ago when this program was planned, there was no thought in the minds of the committee that such a discussion would prove so timely. Now, however, in these days of stress and strain, all women are being urged to help stabilize public opinion and the program as scheduled will be valuable toward that end.

During the afternoon, messages will be given by the following: Mrs. Josephine Bruce-Chapin, chairman of the Press committee of the Massachusetts State Federation of Women's Clubs; Mrs. Mary Mahoney, of the Boston Globe; Mrs. Frances Blanchard, Club Editor of the Boston Herald; Warren K. Brimblecom, Editor and Publisher of the Newton Graphic; and Walter W. Cunningham, City Editor of the Christian Science Monitor.

The Community Service Glee Club, under the direction of Marion Kingsbury, with Agnes Olson and Mary Pumphrey Tower at the piano, will furnish the music, singing well-known choral numbers between the brief talks.

The social hour with tea immediately following the program will be in charge of Mrs. Earl F. Bliss and her committee.

Many Attractive Events Planned

Annual Reception

The Annual Reception of the Newtonville Woman's Club will be held at the Club House, Tuesday, October 17, from 3 to 5 p.m., when the season's activities will be opened informally.

The newly-elected president, Mrs. Frank E. Morris, and the officers, Mrs. Raymond Tucker, Mrs. Clifford B. Whitney, Miss Estelle G. Marshall, Vice-presidents; Mrs. J. Walter Allen, Mrs. Frank M. Simmons, Mrs. Howard C. Thomas, Mrs. George L. Curtis, Mrs. Clarence A. Wentworth, and Mrs. Edward J. Norris will be in the receiving line with other Board members, mingling with the guests to make them acquainted. Mrs. Otto M. Fish with her Meetings committee will act as ushers. Three former presidents, Mrs. Irving O. Palmer, Mrs. Arthur H. Decatur, and Mrs. Gorham W. Harris, have been invited to pour.

A bright and colorful atmosphere of decorations will be created by Mrs. Frederick W. Harding, chairman, and her Conservation and Flower committee; and Mrs. Arthur D. Quimby has arranged for a trio from the All-Newton Music School to furnish the musical background.

Mrs. H. E. Johnson has the entire affair in charge, and Mrs. William R. Mattson will serve as Hostess.

Mother Goose Bazaar

The Annual Bazaar of the Newtonville Woman's Club, this year to be called "Mother Goose Land," promises many surprises for all ages. October 24 is the date, and the Fair will be open from 10 a.m. to 10 p.m.

As the name suggests, each booth will represent a Mother Goose rhyme. For instance, surely no woman could resist buying hand-made dresses for children from the "Old Woman Who Lived in a Shoe" with so many children, or having a cup of tea from "Polly" when she "Puts her Kettle On."

Luncheon at 50 cents and dinner at 55 cents will be served the day of the Fair, possibly by Simple Simon or Little Jack Horner. Reservations should be made in advance with Mrs. E. A. Gay, 26 Washington Park.

Candy, antiques from the attic, handkerchiefs, knitted articles, and articles for "Shut-Ins," will be sold by such people as "Little Bo-Peep" and Miss Muffet, while "The House that Jack Built" will be indeed worth seeing.

Entertainment in the form of a "Story Book Review" will be in charge of Mrs. Edwin P. McGill.

There is to be no charge for admission to the Fair, and "Mother

home of the president, Mrs. Ufford, 330 Central st.

There was a business session at 10 o'clock, over which Mrs. Ufford presided, after which she presented Miss Anne Buckley, chairman of the Program Committee for the coming year. She, in turn, presented the chairman of the morning, Mrs. Guy M. Winslow, whose paper was on "Biography of the Modern Type." One of the writers whom Mrs. Winslow quoted as belonging to this class was Gamaliel Bradford, from whose book "Damaged Souls" she read excerpts.

Mrs. Hattie Hutchinson was the second speaker, and in reviewing Shepard's "Pedlar's Progress," her audience listened to the struggles encountered by Bronson Alcott.

The final paper was given by Mrs. Robert Watters, who used White's biography of Calvin Coolidge, "A Puritan in Babylon," to depict the life of one of our country's best-loved Presidents.

The Club members had brought box lunches, and with these coffee and ice-cream, served by the hostess, were enjoyed. Mrs. Ufford was assisted in serving by Mrs. Paul H. Tardive, chairman of the Social Committee.

Newtonville Junior Woman's Club

To the first meeting of the Newtonville Junior Woman's Club, which will be held at the Woman's Club House on Washington pk., October 17, at 8 p.m., members have been invited to bring as their guests prospective members. In order that they may see how the Club operates, Fredice Littlefield, president, and the members of the Board will give short talks on their plans for the coming season.

Following this resume, there will be a social hour including group singing and games. Miss Dorothy Burns will give selections on the piano. After the entertainment refreshments will be served, and everyone will have an opportunity to become acquainted.

Representing the Newtonville Junior Club at the Fall Meeting of the Junior Membership department of the State Federation at Easthampton, October 7, were Miss Fredice Littlefield, president, and Miss Margaret Edwards, house chairman.

Newtonville Upper Falls Woman's Club

On Monday evening October 16, the Newtonville Upper Falls Woman's Club will meet at the Emerson School. After the usual business meeting at 7:30 o'clock, an entertainment will be given by Nan Lagerstedt. Her subject "Character Portrayals" will consist of various presentations which will combine humor, pathos, and moments of tense drama.

The Emerson School teachers will be guests of the evening, of which Mrs. John Temperley, is chairman.

Refreshments will be served by the Hospitality Committee.

West Newton Educational Garden Club

On Monday, October 16, at 11 o'clock, Mrs. George D. Thomas and Mrs. Edwin M. Wolley of the Garden Club of the West Newton Woman's Club will be the hosts at Frazer's Green House in Wellesley, when a box lunch will be enjoyed, and a program on the subject "Gourds and Chrysanthemums."

Book Talks

A course of three talks arranged by the Woman's Club of Newton Highlands on "Reviews of Current Books" will be given by Mrs. Marion T. Rudkin at the Workshop at 10 o'clock on Tuesday evenings, October 24, November 14, and December 12.

Tickets at \$1.00 for the course for Club members or \$1.25 for non-members may be obtained from members of the Education and Literature Committee. Single lecture tickets also may be purchased at 50 cents for Club members and 60 cents for non-members.

Blocked Kick In Last Period Gives Quincy 7-0 Win Over Newton

Newton Offense Stalled By The Steady Play of Visitors' Linemen

A block kick in the final period set the stage for a solitary touchdown enabling Quincy High to grab a 7 to 0 decision over the Newton High football eleven last Saturday at the Dickinson stadium gridiron. Throughout the game neither team was in a position to score except on this one occasion. Quincy had a slight edge over the locals in chalking up seven first downs to the Newton three. The visitors also presented the strongest line that Newton has met thus far this season, its forward wall presenting a solid front which the Newton backs could not penetrate with any consistency. Prior to the blocked punt neither team advanced into enemy territory beyond the 30 yard stripes.

Inefficient blocking on Newton's part was one of the big factors in the game. On several occasions a well-timed and well-executed block would have shaken the orange and black ball carriers loose for long gains and potential scores. First Period

Captain Heath won the toss and elected to receive the kickoff, which Avantaggio, starting in place of Rezutti, carried back 15 yards to the Newton 40. Beatty picked up three yards in two thrusts and then kicked outside at the Quincy 24. With Mike Barba and Lombardi alternating the visitors ground out two first downs to midfield. Three more plays gained less than five yards and Quincy

kicked. Hurley gathered in the oval on his 15 and got back to the 28. On second down Beatty was thrown for a loss of eight yards. Newton was offside on the play and Quincy refused to accept the penalty. Beatty kicked to the Quincy 45. Heath and Haller stopped Barba at a yard. Barba had been hit hard but resumed play after two minutes time out. Bradley swept the end for eight yards but a 15-yard penalty stalled the visitors attack and they were forced to punt. Hurley caught the ball on his 15 and fought his way back to the 25-yard mark before three players could bring him down.

Avantaggio picked up 4 yards and then 5½ more. The second play was a delayed off tackle slant with Avantaggio almost free when he was thrown off balance enough to go down. A loss of a yard and Beatty kicked to the Quincy 35 with McNeil and Bob Beatty running the receiver out of bounds after a short runback. Heath stopped Bradley at two yards and Quincy quick-kicked. Hurley signaled fair catch on the Newton 31 as the Quincy ends bore down upon him. Beatty was held for no gain as the period ended.

Second Period

Rezutti relieved Avantaggio and took a pass from Beatty cleanly and was off, getting beyond midfield where the Quincy safety brought him down. Rezutti gained 4 more at tackle but a fumble which Beatty recovered cost 4 yards. Heath tossed a pass which Buckley came up fast on to intercept at the Quincy 35 yard line after Newton had stiffened to midfield. Three more plays gained less than five yards and Quincy

Clutch Pedal On New Oldsmobiles Can Be Eliminated

Three new Oldsmobile series for 1940—two sixes and an eight—with marked changes in styling, and impressive increases in wheelbase length and overall dimensions, make their appearance today in dealer showrooms everywhere. Bigger and better throughout in body and chassis alike, the new Oldsmobiles reveal striking advances in comfort, safety, power and beauty.

Headlining all features of the 1940 Oldsmobile offerings is the introduction of a feature called Hydra-Matic Drive—a combination of liquid flywheel and fully automatic transmission, which reduces driving to its simplest, easiest terms. The conventional clutch assembly is entirely eliminated. There are no clutch parts to wear out and replace. The clutch pedal itself is gone, leaving no work for the left foot to do. To start the car you simply step on the starter, move a valve-actuating lever into forward position, and then step on the accelerator.

Changes from low, through second and third, and into fourth, or cruising gear, are entirely automatic. Gears, incidentally, are always in mesh—so that there can be no clashing of gears or chipping of gear teeth. This means also that the engine serves as a brake on down grades.

To stop the car the driver simply steps on the brake. With no clutch to press and no gears to shift, there's nothing for the driver to do but steer, "step on it," and stop. The feature is available at an extra cost in all three series of cars.

Oldsmobile's series "60," introduced so successfully last year in the low-price field, this year appears with an increased overall length, and an engine stepped up to 95 horsepower. An entirely new body has been designed for the "60," of a type heretofore associated only with cars of much higher price.

In the popular priced field, Olds again offers the six cylinder "70" series, biggest selling car last year in the Oldsmobile line. It is equipped with an improved, luxurious observation-type body, distinguished for wide, deep, windshield and windows, and narrow body pillars that provide maximum vision for the passengers, and likewise add grace and distinction to the outward appearance of the car.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage given by Riley G. Crosby of Boston, Suffolk County, Massachusetts to the Gardner Savings Bank of Gardner, Worcester County, Massachusetts, dated May 1, 1938, recorded with Middlesex Registry of Deeds, So. Dist., Book 4726, Page 315 of which mortgage the undersigned is the present holder, for breach of the conditions of said mortgage and for the purpose of foreclosing the same will be sold at Public Auction at eleven o'clock A. M. on the twenty-first day of October, 1939, in the County of Middlesex and singular the premises described in said mortgage, to wit:

"A certain parcel of land with the buildings to be erected thereon situated in that part of Newton in the County of Middlesex and Commonwealth aforesaid, known as Chestnut Hill and being lot numbered 10, as shown by Wm. & H. Hayes Civil Engineers, dated August 19, 1923, and recorded with Middlesex South District Deeds, Book 325, Page 6, and bounded and described as follows:

NORTH-WESTERLY by Mount Alvernia Road, seventy-five and thirty-seven hundredths (75.37) feet; NORTH-EASTERLY by lot 10, as shown by Wm. & H. Hayes Civil Engineers, dated August 19, 1923, and recorded with Middlesex South District Deeds, Book 325, Page 6, and bounded and described as follows:

SOUTHWESTERLY by a certain parcel of land with all the buildings and structures now or hereafter standing or placed thereon situated in NEWTON, in the COUNTY OF MIDDLESEX, in the COMMONWEALTH OF MASSACHUSETTS, being the lot numbered FIFTEEN (15) on a plan entitled "Subdivision of Land in Newton, Mass., belonging to W. S. Smillie, Surveyor, dated March 1, 1928, made by Rowland H. Barnes & Henry F. Beal, Civil Engineer, and recorded with Middlesex South District Deeds, Book 325, Page 6, and bounded and described as follows:

SOUTHWESTERLY by VAUGHN AVENUE, ninety (90) feet;

SOUTHWESTERLY by lots 14 and 20, as shown plan, one hundred and forty (140) feet;

NORTHWESTERLY by lot 18 on said plan, one hundred and forty (140) feet;

SOUTHWESTERLY by lot 16 on said plan, one hundred and forty (140) feet;

Containing 16,800 square feet of land, according to said plan.

Subject to and together with the benefit of the right of way in common with others entitled thereto in and over said VAUGHN AVENUE and other streets shown on said plan.

Subject to restrictions of record insofar as the same are now in force and applicable to the mortgagor if the purchaser refuses to pay his taxes and assessments and regulations of the City of Newton.

Being the same premises conveyed to said Mary E. Schumann by deed of Nelson M. Clark, dated January 11, 1939, to be paid in cash by the purchaser at the time and place of the sale, to be forfeited to the mortgagor if the purchaser fails to pay his taxes and assessments and regulations of the City of Newton.

One hundred dollars will be required to be paid in cash by the purchaser at the time and place of the sale, to be forfeited to the mortgagor if the purchaser fails to pay his taxes and assessments and regulations of the City of Newton.

TERMS OF SALE: Said premises will be sold subject to any and all unpaid taxes and assessments, tax titles, municipal liens and assessments, if any there may be. D.P.U. Authorizes New Telephone Rates With Creation of One Area

Telephone Company Proceeds With Plans For Installation of Dial Service in Newton To Benefit Many Users

The Public Utilities Commission announced this week that the proposed changes in rates and service for the Newton and Watertown areas had been authorized by unanimous vote of the Commission with minor changes. The proposed changes in rates were originally filed with the Commission last May and would have become effective thirty days later. Each month subsequently the Commission has postponed the effectiveness of the rates pending an investigation.

The commission reports that the main purpose of the revision as explained by company officials is the elimination of certain objections to the present service by means of consolidation of the telephone service of the city of Newton into a single area. Newton is served at present by three separate exchanges, Newton North, Center Newton and West Newton. The town of Watertown is now served as a part of the Newton North exchange designated as Middlesex. Under the proposal a separate exchange is provided for Watertown although housed in the new building erected in Newtonville.

The main benefit accruing to subscribers of the West Newton exchange will be the advantages now enjoyed by the other two Newton exchanges which permits a 5-cent toll charge, instead of the present 10-cent toll, to downtown Boston. The new arrangement will require West Newton subscribers to pay a slight increase in base rates as now paid by the other Newton subscribers. The entire Newton area will receive other and nearer areas heretofore not included. At the public hearing held before the commission, following due notice as required by law, no opposition was made to the plan of the company.

The company outlined the growth of service to Newton at the hearing showing the need of a more modern exchange, the introduction of newer improvements in the science, and the necessity of properly servicing the subscribers in the district without discrimination. The three present offices in Newton now contain 27,000 stations and 16,900 lines—nearly seven times as many stations and eight times as many lines as in use in 1906. The new system will provide for the extension of the dial system now in use in Metropolitan Boston.

Resume Cullen Case Hearings

Alderman Inches Testifies Before Auditor At East Cambridge

Hearings on the reinstatement case of Bartlett Cullen as sergeant-mechanic in the Newton police department were resumed on Wednesday morning in the Middlesex Court at East Cambridge. The hearings are being held before Alexander Lincoln of Brookline, sitting as auditor appointed by the Supreme Court. Last week several hearings were held at the Newton city hall but on their conclusion were shifted to Cambridge. Attorney Francis X. Hurley, counsel for Cullen, is endeavoring to show that the action of the Board of Aldermen in abolishing the position was not taken in good faith.

A change was ordered in the telephone company's proposal providing for a continuance of the present 5-cent toll rate in effect between Centre Newton and Newton North and the Dorchester and South Boston districts. The company had requested permission for a 10-cent toll because of the increase in distance brought about by relocating the exchange in the new building. The company agreed, however, to the continuation of the present toll which the Commission states it believes to be in the public interest.

The order passed by the Commission follows:

ORDERED, That the revisions of schedule N. D. P. U. No. 6, Section 1, Sheets 1, 3, 4, 5, 6 and 7, filed by the New England Telephone and Telegraph Company on May 4, 1939, to become effective June 10, 1939, the operation of which revisions was suspended by the Department by successive orders until October 14, 1939, be modified, so that on and after October 16, 1939, the Dorchester and South Boston exchanges be included within the local measured service, coin box service and semi-public service areas of the Newton exchange, and that the Newton exchange be included within the local measured service, coin box service and semi-public service areas of the Dorchester and South Boston exchanges.

By order of the Department.
(Signed) LEONARD F. HARDY,
Secretary.

The first step in the consolidation of the three Newton exchanges into one area, according to Manager Eugene Campbell, will be the inclusion of West Newton customer accounts in the Newton Corner business office within the next few weeks. These subscribers have been transacting business through the Waltham office. The Newton business office will continue at its present location in Newton Corner until permanent quarters are ready in the new building.

Install New Legion Post Commander

Exercises Conducted At West Newton Last Evening

Commander Arthur A. Hunt and other officers of Newton Post 48, American Legion, were installed last evening at exercises in the Levi Warren Junior High School at West Newton. Past Department Commander Ray McEvoy was the installing officer. The Newton Legion Guards, three times National champions, put on the drill which brought them distinction and were given an enthusiastic reception by a large audience. Rev. William Visconti, chaplain of Battalion B, 55th F. A. Veterans Association offered the invocation.

The Community Service Prize won by Newton Post was presented by the Amesbury Post.

Other officers installed under Commander Hunt were: George F. Henrikus, senior vice-commander; Alvin D. Parker, junior vice-commander; Gerard Vandernoot, chaplain; Carlton W. Ray, adjutant; Francis P. Frazer, finance officer; John B. Foley, welfare officer; Charles E. McKenzie, service officer; Francis V. Terry, Judge advocate; Elmer E. Ellsworth, Americanization officer; Edward V. Nolan, historian; John J. Pendergast, graves registration officer, and G. Henry Dath, sergeant-at-arms.

The following were installed as the Executive Committee: Joseph A. Campbell, Dana J. Foley, Edward J. Cannon, John J. Foran, Patrick J. Connell, Paul B. Garten, Edward F. Dalton, Frank B. Groccia, William A. Davidson, Austin M. Morgan, Francis D. Dugan, Amos W. Oldfield, Thomas R. Fallon, Lionel J. Sadler and Raymond W. Taffe.

Irving O. Palmer Dies at Laconia

Former Principal Of High School Retired Seven Years Ago

Word was received in Newton this morning of the death last evening of Irving O. Palmer, former principal of the Newton High School at the Laconia Hospital in Laconia, N. H. Mr. Palmer was born on May 17, 1862, and graduated from Colby College with the class of 1887.

He came to Newton in 1897 from Salem to become head of the Science Department of the Newton High School. In 1910 he became principal of the Technical High School when that building was opened for use in September of that year and in 1924 became principal of the High School. Mr. Palmer retired from this position at the conclusion of the school year in 1932.

Mr. Palmer was always active in the field of education. He was awarded the honorary degree of Doctor of Humane Letters at the 46th reunion of his class at Colby in 1932. He was a president of the State Headmasters Association in 1932, a member of the Secondary School Principals' Association, the National Education Association, a charter member of the Eastern Association of Civics Teachers, a member of the New England Association of Chemistry Teachers, the Friday Club, Masons and Central Congregational Church. He served as secretary of the Chafin Fund.

Funeral arrangements have not been completed.

McCabe Enters Race For Mayor With Childs, Goddard and Waters

Fifty-one Candidates File Nomination Papers for Mayor, School Comm. and Aldermanic Seats; 4 Aldermen, 3 Schoolmen Unopposed

With the expiration of time for filing nominations papers on Wednesday afternoon it was revealed that twenty-two of the twenty-nine offices to be filled at the city election on Nov. 7th will be contested for, pending the possible withdrawal of candidates within the next few days. The election early next month will be the first biennial election in the city resulting in this large number of contests. The total number of candidates filing papers is fifty-one. Four of these will run for the office of Mayor, twelve for seven positions on the School Committee, twenty-five for fourteen seats as Aldermen-at-large and the balance for seven seats as Ward Aldermen.

The entry of papers for the mayoralty race on Tuesday by Alderman Frank T. McCabe, making this a four-way contest, came with more or less surprise. In his statement announcing his candidacy on Tuesday Alderman McCabe, who is a retired army major, stated that until Oct 10 he had believed he had taken himself out of the city government, effective upon the conclusion of his term as Alderman-at-large on January first, next which office he has filled for the past five years. Since that time events transpired which persuaded him to file nomination papers, none of the signatures on which were solicited by him. He added that "I have no campaign manager except the people of the city of Newton. My campaign exchequer shows funds zero. It is not anticipated that this figure will increase. My issue is decent efficient government, no hypocrisy, no racketeers. If elected that issue will be my only debt payable."

Major McCabe has been a severe critic of the present administration. Mayor Edwin O. Childs, who will also be opposed by State Representative Paul M. Goddard and James T. Waters, Mayor Childs is seeking his eleventh two-year term in office since 1914, having been the chief executive of Newton since that time with the exception of the six-year period beginning in 1930 when he announced he would not run against Sinclair Weeks.

Representative Goddard served several years as a member of the Board of Aldermen from Ward 6 and a year ago was elected to the General Court of Massachusetts as one of the two representatives from the 5th Middlesex district. James T. Waters is a former member and chairman of the Board of Registrars of Voters.

Under the biennial system the complete membership of the School Committee will be elected, one from each ward to be elected at-large. Three of the present members will be unopposed. They are Harold W. Knowlton of Ward 4, Mrs. Margaret H.

Adagrom Contest Proving Popular

Neatness And Originality Bring Cash Prizes To Entrants

The GRAPHIC'S Adagrom Contest, now in its fourth week, is showing increasing interest among many readers. There are still opportunities for those who have been putting off entering the contest to win cash or consolation prizes. Several of the many contestants who submitted entries the past three weeks have been among the repeating winners. Although a prize is restricted to but one cash prize during the series, these winners remain eligible for the consolation prizes of two theatre passes which go to ten Adagrom enthusiasts each week. During the next 22 weeks many other contestants will doubtless be among the fortunate.

The Adagrom contest is not difficult. A little time and effort will reveal the correct solution. Simply find the misspelled words and rearrange the extra letters in their proper order to spell the name, slogan, or line from one of the advertisements on the Adagrom page. All but a few of the many entrants have sent in correct solutions. Prizes, however, are awarded not only for the correctness, but for the neatness and originality which the entrant shows in his solution. Thus numerous entries have been submitted in the form of poems, acrostics, crayon drawings, water color drawings, paper cut-outs, toy models, and many other novel and interesting ways. If you are not already an Adagromaniac or if you have not yet received a prize, don't be discouraged. Your chances are as good as your neighbors.

Driver Unknowingly Hits Patrolman

While doing traffic duty following the Newton-Everett football game at Lowell ave. and Hull sts. last Saturday Patrolman Lawrence J. Sunberg was struck by the left side of a car and spun around. He suffered a wrenching back. The officer noted the number of the car, which was proceeding north on Lowell ave. and later communicated with the driver, Donald L. Marr of 118 Oakdale rd., Newton Highlands. Young Marr informed the officer that he had been entirely unaware that his car had struck anyone.

Young men electrically inclined will find this an opportunity to further their education in addition to receiving a salary while enlisted.

J.; Margaret Jean Fraser, Honolulu, Hawaii; Mary-Carolyn Porter, Brooklyn, N. Y.; Betty Sue Smith, Newton, Mass., and Carol Birdseye, Flushing, N. Y.

Among the assembly speakers during the past week were Mrs. Julian Jackson, reader, who gave Scene II, Act I, from "The Merchant of Venice" and "The Beau of Bath" by Mackay, and James Henry White whose subject was "With the Camera in an Enchanted Empire." Rev. Arthur Kinsolving of the Trinity Church, in Boston, will be the Sunday Vesper speaker.

A group of girls took a trip to Salem and Marblehead on Thursday.

Waltham Civic Music Ass'n, Recital Thursday

Many Newton members of the Waltham Civic Music Association will attend the recital of that organization on Thursday, Oct. 26, at 8:15 p.m. at the Hovey Memorial Institute, Waltham. The piano ensemble, Luboshitz and Nemenoff, now on tour, will feature.

Pierre Luboshitz has been in America thirteen years. He was born in Russia and studied in Paris. Mrs. Luboshitz, who in public life is Miss Genia Nemenoff, is of Russian parentage but was born in France. They were married eight years ago in New York where they make their home several months of the year.

ST. PAUL'S PARISH FAIR

Rural New England will come to St. Paul's Parish House when its Annual Fair is held on November 8th and 9th.

Mrs. Hollis Vaughan, chairman, has for her assistants Mrs. Grange Coffin, Mrs. Harold Wentworth, Mrs. Fred Wire, Mrs. Stanley Waters. Interesting articles will be on sale at the various booths and in the gift shop and postoffice. Balloons, grabs and a food bar will be of especial interest to the children. Tea will be served in the Crypt on Wednesday afternoon and a Turkey Supper will be served on Thursday evening, followed by a play and auction of antiquities by the Parish Players.

The Fair will open daily at 12 noon.

NEEDLEWORK GUILD

The Newton Branch of the Needlework Guild of America announces that its annual meeting of members and gathering of new garments for Newton charities will take place on Friday afternoon, November 3rd, at 2:30 at the Union Church in Waban.

New members are needed to continue this work of the Guild at this time each year. There are no dues. The annual contribution of two or more new articles of wearing apparel, or household linen, or a donation of money—no amount specified—constitutes membership.

At this meeting the Rev. Allen W. Clark, of Danvers, will speak on the work of the Grenfell Mission, and tea will be served. All are welcome, and especially those unfamiliar with the work of the Needlework Guild.

MIDDLESEX COURT, M. C. O. F.

Middlesex Court, M. C. O. F., will install its installation of officers at Elks' Hall, Newton, on October 24, 1939 at 8:30 p.m. Atty. James T. Flynn is to be installed as Chief Ranger and Miss Mary D. MacDonald is the vice chief ranger. Other officers are Thomas J. Bryson, Thomas F. Fitzgerald, Marvin Goode, Mabel Bryson and Barbara Boudreau.

The retiring chief ranger is Miss Mary M. Mulligan.

Prominent state officers of the Foresters have been invited and the fair is open to the public.

YOUNG WOMEN'S REPUBLICAN CLUB

The Young Women's Republican Club will hold an open meeting for new members at eight o'clock on Wednesday evening, October 25, at 372 Waltham st., West Newton. An "Ask It Basket" will be the highlight of the evening and refreshments will be served. The results of the Bowling contest with the Young Men's Club will be announced. All those interested are cordially invited to attend.

Too Noisy Chasing Wife, Is Arrested

Fred Grossi, 24, of 447 Cambridge st., Cambridge, was arrested on Columbus Day night in Nonantum, on a charge of disturbing the peace. Patrolmen McEnaney and FitzSimmons grabbed Grossi after that young man had chased his bride of six weeks about a half mile along Nonantum streets. Mrs. Grossi was a good runner and Grossi was too good at shouting. In court on Friday Patrolman McEnaney testified that the newly wed pursuit race started at Watertown and Capital sts., and ended at Green and Chapel sts., with Grossi hollering and screaming as he tried to catch his fleet-footed bride. Judge Mayberry gave the excited groom a suspended jail sentence of 30 days.

Two Burglaries At West Newton

Two burglaries at West Newton were reported to the police on last Friday. Both occurred on October 12, At Cochran's Market, 997 Watertown st. \$3 was stolen from a cash drawer. Entrance was made through a transom over the rear door. At Maguire's Hall, 1244 Washington st., the burglars, evidently boys, stole 12 badges valued at about \$25, and the property of St. Bernard's Court, M. C. O. F., and a dozen packs of playing cards. They also took records of that organization, and records belonging to the Carpenters' Union and the Garden City Mutual Aid Society from files, and strewed them about the hall.

Nonantum Youths Sent to Shirley

Anthony Antonelli, 17, of 192 Adams st., Nonantum, and Albert Proia, 17, of 114 West st., Nonantum, were arraigned in the Newton court last Friday on a charge of having violated their probation, and were committed to Shirley Industrial School. Several months ago they were arrested in Flemington, New Jersey, and brought back to Newton by Inspector King. At that time the pair were placed on probation for stealing a watch. Last week they again went to New Jersey and were arrested at Newark as vagrants. They were brought back this time by Inspectors King and Burke.

A MORNING IN THE GARDEN

The tall oak trees
Shaking with the morning's breeze,
The foreground of a sky, light blue,
And on it shone the sun, just new.

The beautiful flowers on the ground,
With the noise of buzzing bees
around;
Blooming flowers here and there,
The song of birds in the air.

Flowers blooming after a frosty night
And opening their faces to the
morning's light;
All the roses in a group,
All the daffodils, troop by troop.

A little brook was running by
Amid the rocks
Both low and high.

JOSEPH LIND, Aged 11, Grade Seven, Our Lady's High School.

55 YEARS AGO

Newton Graphic, October 11, 1884

Walter B. Randlett, lately of Milton, has been appointed fire-alarm operator and began his duties Oct. 1.

The State Firemen's Association meets next week at Fall River and nearly all the local companies will send delegates.

Hose Carrige 1 is back from Peter Hosenason's paint shop and is much improved in appearance. The running gear is red instead of white.

A few lucky observers saw the lunar eclipse for a few minutes after sunset last Saturday night before the sight was hidden by the gathering clouds.

An effort is being quietly made by certain parties to force a postal delivery system upon this city. It is safe to predict that they will not succeed. Newton is better served by existing postal arrangements than it ever could be by carriers.

The entire fire department and police force were ordered to report to Box 18, corner of Howard st. and Newtonville ave., last Saturday at 3:30 p.m. When all the men and apparatus arrived, they formed in line and marched to Alderman Henry E. Cobb's house. They were welcomed by Mr. Cobb, who said he had called them together to get acquainted with the whole department. Rev. Mr. Calkins made a short address, after which a collation was served. At the close Mayor Kimball made a few remarks.

The high school battalion has finally succeeded in efforts to induce the school committee to provide new guns, as the old rifles were far too heavy for the boys. The cost of the equipment will be \$1000, and to save part of the expense to the city, Major Fiske of the battalion has agreed to serve as drillmaster without pay. The School Committee at a special meeting on Wednesday evening made the appropriation and expressed thanks to the major. The committee added \$30 a month to the appropriation for the convenience of pupils.

It is not generally realized how fine an opportunity for improvement in scientific knowledge is offered free to Newton people through the medium of the Read Fund lectures. Eliot Hall has been secured for the course which will open Monday, November 3, with the lecture by Professor Hall, astronomer Royal of Ireland. The bequest made by Mr. Read was a liberal and far-sighted one.

The Republican battalion, Garden City Cadets, finished their organization Thursday night by electing J. C. Kennedy master and Allston Burr, adjutant. The battalion will have 225 in the ranks, besides the drum corps, in the grand parade next Tuesday night in Watertown and Newton. The Newton companies will meet at 7:40 in Nonantum square and march to Watertown where the procession will form. Over 1000 torches are expected to be in line, as several out-of-town companies will participate.

Alderman J. W. Carter has brought back from his European trip a valuable collection of books, maps and plans relative to the treatment of sewerage in the principal cities he visited. In many places he was given facilities for the personal examination of the systems. In Berlin he obtained a chart showing the location of every house in the city with the arrangement of pipes in each. The continental cities generally had more full statistics on sanitary matters than those of England. Some cities, Mr. Carter says, spent \$125,000 to \$150,000 for preliminaries, a good deal of which goes for parliamentary lobbying, or log-rolling, or to use the English phrase—"getting it up the backstairs." Mr. Carter's study on the sewerage subject ought to have much weight in the solution of this problem which is of so great importance to Newton.

At the meeting of the Board of Health on Monday three complaints were received about the foul odors from the soap factory near the corner of Pearl and School sts. Chairman Henry said the proprietor of the factory had been looking for a new location, but has now decided to stay at the old stand. The standing committee of the Aldermen was directed to go on a smelling expedition about the premises.

Robert Warfield, for four years was assistant to the late famous Annie Russell. Later he became director of the Lynchburg Theatre in Virginia, project superintendent of the Federal Theatre in Washington, was a prominent staff worker in the Experimental Theatre in New York. Ten years in summer theatres between his productive winter engagements have given Mr. Warfield a total of 150 productions to his credit before coming to organize and direct the very successful Straw Hat Theatre and to follow upon solid groundwork of technique.

Having ten years of teaching and of directing little theatres in various states in the east, he brings through a wealth of practical experience, sound and practical teaching in direction, voice, public speaking, repertoire, and theatre. Following Stanislawski, Mr. Warfield works for the individual expression of his students following upon solid groundwork of technique.

Fortunately a long way from city water service and the railroad. Some of the Aldermen are inclined to recommend this site.

The question is asked why the School Committee or the School Superintendent should pay \$10.25 a cord for wood for school houses when excellent wood from the city can be bought for \$9, making an important savings when so many cords are purchased. It seems strange also that proposals for the purchase of wood are not advertised the same as coal.

Powers' Paragraphs

The entrance of Alderman McCabe into the Mayoralty contest complicates matters. Although Major McCabe has won many friends by his conscientious service as a member of the Board of Aldermen and by his fearlessness in attacking the conduct of certain city departments, it does not seem probable that his late candidacy will be successful; but it might be. Stranger things have happened. Whether McCabe will take more votes from Childs or from Goddard is a question. Undoubtedly he will take votes from both these candidates and also from James A. Waters. Major McCabe will certainly add "newspaper" to the Mayoralty fight. This retired army officer has learned much concerning city affairs during his service of five years in the Board of Aldermen. He does not hesitate to condemn what he believes to be wrong, and he is honest and aggressive.

Recent Weddings

HITCHCOCK—GILBERT

Miss Dora Keene Gilbert, daughter of Mr. and Mrs. Royce Wheeler Gilbert of 80 Waban Hill rd., Chestnut Hill, was married to John Maynard Hitchcock, son of Mrs. Arthur B. Hitchcock of 169 Parker st., Newton Centre, and the late Colonel Hitchcock, at a candlelight ceremony per-

formed in the Leyden Church, Brookline, on Saturday evening, Oct. 14, at 9 o'clock by Rev. Robert Wood Coe. A reception followed at the Commonwealth Country Club.

The bride wore a gown of pale ivory velvet trimmed with pearls. Her veil of pale ivory tulle was trimmed with old Spanish lace, a family heirloom, and her bouquet was of gardenias. She was attended by her sister, Miss Ann Gilbert, as maid of honor, who wore a full-skirted gown of aquamarine faille over a petticoat of pale rose and a hat of matching colors. The bridesmaids, all classmates

of the bride at Wellesley College, were Miss Barbara Giddens, Miss Frances Green, Miss Mary Fitzpatrick and Miss Elizabeth Thomas. They wore gowns similar to the maid of honor's and carried muffs of wine coxcomb. Mrs. Gilbert wore a lime crepe with a Watteau hat of lime and black lace and carried a muff of flowers. Mrs. Hitchcock wore French blue satin with matching hat and a corsage of orchids.

Rev. Edward T. Sullivan performed the ceremony, assisted by Rev. Marshall Montgomery of Franklin, N. H. A reception was held at the Brae Burn Country Club following the ceremony.

The bride wore a gown of ivory duchess satin trimmed with antique lace and a veil of ivory tulle which fell from a coronet of heirloom lace. She carried a prayer book with a marker of white orchids and lilies of the valley. She was attended by Mrs. John Richards Perry, Jr., of Newton as matron of honor who wore a full-skirted gown of blue velvet with a matching hat and a muff of yellow and white flowers. Miss Shirley Ferguson of Boston was the maid of honor and the bridesmaids were Mrs. Fred Stanley Sibley of Hartford, Conn., and Mrs. Frank R. Mayo of Oshkosh, Wis. They wore gowns of American Beauty velvet with hats to match and carried muffs of flowers. Louise Dresser of Wellesley, the flower girl, wore a frock of pale rose faille taffeta.

George R. Snyder, Jr., of Chatham, N. J., was the best man. The ushers were Ralph G. Libby, Jr., of Port-
land, Me.; Phillip Fessenden of Newton Centre, brother of the bride; John R. Perry, Jr., of Newton; Russell Tompkins of Winchester; Joseph Nickerson of Brookline, and George R. Gibson, Jr., of Chatham, N. J.

Mr. and Mrs. Eldred will reside in Portland, Me., on their return from a wedding trip to Canada and the White Mountains.

The bride attended the Erskine School and is a graduate of the Pierce Secretarial School. The groom attended Governor Dummer Academy and Dartmouth College. He is a member of Phi Kappa Psi fraternity.

CAHILL—WIRZBURGER

Miss Emma A. Wirzburger, daughter of Mr. and Mrs. Henry Wirzburger of 133 Vernon st., Newton, was married to William E. Cahill, son of Mr. and Mrs. James Cahill of 21 Cotter rd., Waban, on Thursday morning, October 12, in St. Mary's Church, Plymouth. Rev. John Dixon performed the ceremony. Mrs. Walter Kaiser, cousin of the bride, played the wedding music. Mrs. Frank Lodi, also a cousin of the bride, was the soloist.

The bride wore a princess gown of white satin with a train and a long veil of tulle which fell from a crown of orange blossoms. Her bouquet was of roses and lilies of the valley. She was attended by her sister, Miss Frances Wirzburger of Plymouth, who wore turquoise satin and carried yellow larkspur and bouquets to match. Captain Ann Colburn was the flower girl.

James Cahill of Waban, brother of the groom, was the best man. A wedding dinner was served at "The Landing," in Kingston, followed by a reception at the home of the bride's parents.

On their return from a motor trip through New Hampshire, Vermont, and New York, Mr. and Mrs. Cahill will reside at 133 Vernon st., Newton.

GRAY—APPELL

Mr. and Mrs. Leroy B. Noble of Rutland, Vermont, announce the marriage at West Newton on October 14th, of their niece, Thelma Mae Appell, to George Francis Gray, formerly of West Newton and now of New York City. The matron of honor was Mrs. Charles Cooper of New York City, and the best man was Henry Gray of Newton, brother of the groom. The bride is a former resident of Maywood, N. J., and was graduated from the University of Vermont. She is a member of Delta Delta Delta. Mr. Gray, who attended Boston University, is the treasurer of Henry Lindemann & Sons. Mr. and Mrs. Gray will make their home in New York City.

The bride, who was escorted to the altar by her father, wore a gown of brocaded white satin with a full skirt extending into a long train. Her veil length of tulle was caught to a coronet of headed pearls and she carried a bouquet of bouvardia and orchids.

Miss Roberta Garrity, sister of the bride and maid of honor, was gowned in aina faille and velvet with matching velvet dolli hat and carried yellow pompon chrysanthemums. The bridesmaids, Miss Edith Wymer of Malden and Miss Geraldine Hughes of Medford, were costumed similarly to the maid of honor and they carried chrysanthemums of autumn colors.

Russell Benson of Newton Highlands was the best man.

Mr. and Mrs. Adalian will make their home at 2021 Commonwealth ave., West Newton.

WINGETT—LYFORD

Miss Virginia Folger Wingett, daughter of Rev. and Mrs. John C. Wingett of 30 Lake ave., was married last Saturday evening at 8 o'clock to Kenneth Fletcher Lyford, son of Mr. Emerson F. Lyford of Dover, Mass.

The ceremony was performed at the Wingett home which was decorated in the natural beauty of October leaves. Dr. Wingett officiated.

The bride wore the traditional white gown and veil, but an unusually becoming version. Her gown was of heavy silk crepe, with the fullness flowing to the back and ending in a brief train, while the jacket was fitted and outlined in gold across the shoulders. She carried white roses. Miss Joy Wingett, the bride's sister, acted as maid of honor, and carried pink roses with her turquoise crepe dress, while Mrs. Wingett was attired in brocaded taffeta with high puffed sleeves and a full skirt gathered softly in the front. With her gown she wore a corsage of pink roses, as did Mrs. Lyford. Emerson F. Lyford acted as best man to his son. A small reception was held afterwards.

Upon their return from a wedding trip, the couple will reside at 401 Broadway in Cambridge, and will be home after November first.

The bride is a graduate of the MacMurray College in Illinois and the groom of Irving-on-the-Hudson.

MCARRON—QUINN

Miss Gertrude Mary Quinn, daughter of Mr. and Mrs. Charles F. Quinn of 139 Bridge st., Newton, was married to Gerald Richard McCarron, son of Mr. and Mrs. John F. McCarron of 19 Pearl st., Newton, on Thursday morning, October 12, at nine o'clock in the Church of Our Lady, Newton. Rev. Thomas F. Fallon performed the ceremony, which was followed by a reception at the Wellesley Inn.

Mother Goose Fair to Delight All Comers

The Ways and Means committee of the Newtonville Woman's Club, with Mrs. Haydn Morgan as chairman, is concentrating its efforts on the "Mother Goose" Bazaar to be held at the Woman's Club House, October 24, from 10 a. m. to 10 p. m.

Decorations are in charge of Mrs. George L. Curtis and promise to be both artistic and gay. Turquoise and yellow are to be the color scheme.

The Queen of Hearts will mingle with the Old Woman Who Lived in a Shoe, Little Bo-Peep, and with Contrary Mary. Polly will serve all morning, and will "put the kettle on" for tea, from 3 to 5 o'clock. A baked Virginia ham supper at night and a luncheon at noon will be served. Club members are requested to make early reservations for themselves and guests. Mrs. Erskine Gay, chairman, will be glad to save tickets at 85 cents for dinner and 50 cents for lunch.

The evening's entertainment, to begin promptly at 8 o'clock, promises plenty of fun, and will be in charge of Mrs. Edwin P. McGill.

Mrs. Charles H. Abrams, Jr., and Mrs. Marie Harding will look into the future by cards and by palm and help all to avoid such falls as Humpty Dumpty's.

The chairman of the various tables are as follows: Attic, Mrs. John F. Driscoll; Bride's Table, Mrs. Carl B. Horton; Candy Table, Mrs. Carl H. Hanson and Mrs. E. J. Ovington; Children's Table, Mrs. W. F. Burt; Food Table, Mrs. Henry B. Nickerson and Mrs. Walter P. Phillips; Grabs, Mrs. Clarence Wentworth; Handkerchiefs, Mrs. Harold W. McKusick; Household, Mrs. Carl B. Horton; Knitting, Mrs. Robert E. Lindquist; Shut-In Table, Mrs. Frank A. Wright; and Twenty-five cent Table, Mrs. Raymond Tucker.

A hearty welcome by none other than Mother Goose herself will be extended to all who may wish to come. There is no charge for admission to the Fair.

Club History Feature of Anniversary

Club History Day was celebrated by the Newton Community Club on Thursday, October 12, in the Underwood School Auditorium. In honor of its being Columbus Day, Mrs. Wallace Wales, the president, asked the corresponding secretary, Mrs. Arthur D. Weston, to read Governor Saltonstall's proclamation for that day as an appropriate opening for the meeting.

In addressing the Club, Mrs. Wales stated that the day was not only the twentieth birthday of the Club, but the birthday of the western hemisphere, and it was her own first "birthday" as president of the Newton Community Club.

Mrs. Wallace Wales, president, will conduct the usual business meeting at 2 p. m., and there will be an exhibit of Arts and Crafts, the work of Club members, arranged by the Art chairman, Mrs. Gustaf A. Peterson. Among those exhibiting their work will be Mrs. Miriam B. Pearce, Mrs. George A. Sampson, Mrs. Ralph C. Henry, and Mrs. Edwin W. Smith, as well as Mrs. Peterson.

Mr. Harris Walter Reynolds will present his Romance Pictures, featuring "Southern California and Its Ruined Spanish Missions," to the Newton Community Club at its meeting on Thursday, October 26, at the Underwood School Hall.

Mr. Reynolds is a graduate of Bowdoin College, and a world traveler with the proverbial "itching foot." He is an experienced photographer trained along feature pictorial lines, and possessing a keen appreciation of the beautiful. His "Romance Pictures" is a musical travelogue illustrated with natural color motion pictures, which avoids the stereotyped and the commonplace, and which appeals to the imagination as well as to the eye.

Mrs. Wallace Wales, president, will conduct the usual business meeting at 2 p. m., and there will be an exhibit of Arts and Crafts, the work of Club members, arranged by the Art chairman, Mrs. Gustaf A. Peterson.

Among those exhibiting their work will be Mrs. Miriam B. Pearce,

Mrs. George A. Sampson, Mrs. Ralph C. Henry, and Mrs. Edwin W. Smith, as well as Mrs. Peterson.

The Fall Reunion of the Auburndale Woman's Club will be held on Tuesday afternoon, October 24, at the Auburndale Club House. At 1 o'clock, dessert and coffee will be served by the members of the Hospitality committee under the management of Mrs. Raymond Perkins. At 2:30, Mrs. Austin Fisher, the newly-elected president, will conduct a business meeting, and at 3 o'clock the program, under the chairmanship of Mrs. James Dunlop, will include a lecture by John Nicol Mark, whose topic will be "New England Philosophy."

The clergymen of Auburndale will be the special guests of the afternoon.

Attention of Club members is called to the postponement of the all-day Conference arranged for Friday, October 27, by various committee chairmen, to the following Friday, November 3.

Newton Centre Woman's Club

The Newton Centre Woman's Club through its Program chairman announces the return of Mrs. Frank Mansfield Taylor for a series of lectures on Current Events. Owing to the Presidents' Arcade, the first of the lectures, scheduled for Thursday morning, October 26, at 10 o'clock, will be held in the Parlors of the Baptist Church.

On October 24th a tea will mark the opening of a Japanese Print Exhibition in the Art Gallery, when beautiful rare and modern prints will be shown. Mr. John D. McLaughlin will be in the Gallery on the opening day to show the tools employed and to explain the care and skill required to perfect these works of art. This exhibition will be open to the public every afternoon, except Sunday, from 2 to 4:30 o'clock until November 3rd.

On Friday, October 13, the Newton Centre Woman's Club held its first meeting of the year at the Club House. Preceding the business meeting, a large number of members assembled for coffee and a social hour.

At the beautifully-appointed and tastefully decorated table which filled the centre of the room, Mrs. John F. Capron and Mrs. George B. Crossie poured. Hostesses were Mrs. Vincent P. Maloney, Mrs. Ralph B. Emery, and Mrs. A. Harry Hutchison.

Mrs. Howard O. Winslow, the new president of the Club, presided at the business meeting, and after a few words of greeting to members old and new, and following disposal of the routine business of the day, Mrs. Winslow introduced the following members who each delivered a brief message:

Miss Jane Hutchison, representing the Junior Woman's Club; Mrs. John F. Capron, chairman of the "Presidents' Arcade" to occur on October 25 and 26 in the Club House, an event

which will boast a fashion show, arcade shops, music, dancing numbers, and luncheon, under the sponsorship of all past presidents and vice-presidents of the Club; Mrs. Alden H.

(Continued on page 8)

Especially enjoyable were the "statistically unavailable," with the meanderings of the club members during the years unprovable. One of the most appealed unavailable records was the amount drunk and eaten during the twenty years, when the historian stated that it was no wonder the club members needed pamphlets on "How To Reduce," by courtesy of Health chairman to undo the evil acts of the Social chairman.

The title of the Club History was "The First Twenty Years," and while Miss Coolidge pointed out that it is generally accepted that the first hundred years are the hardest, her audience, after hearing her history, are sure that the next eighty years will hold no terrors for club members.

In closing, Miss Coolidge registered the hope that while it is said history repeats itself, the women of the Newton Community Club have in their minds and hearts the prayer that they may not have to take up services for "our boys," work which they were putting aside twenty years ago at the end of the World War.

Mrs. Frank H. Briggs asked that the club members give Miss Coolidge a rising vote of thanks for the great amount of work which she had put into her splendid history, to make one of the most enjoyable afternoons the Club has ever had.

The violinist, Miss Burroughs, closed the program with another group of solos, these being dance compositions, which were greatly enjoyed by an appreciative audience who called her back for an encore.

A social hour and Reception followed, ice cream and cookies were served by Mrs. William Bennett and her Social Committee and at the tea table Mrs. Elliott B. Church, Mrs. Edwin O. Childs, Mrs. Richard P. Law, and Miss Margaret S. Ball presided.

The president then stated that the program of the afternoon would be a Club History, written by their own club member, Miss Emma Downing Coolidge, historian of the Club since 1929. In introducing the speaker, the president mentioned her many activities, including the writing of books and plays, and stated that she could not tell of all her achievements, but that any who wished to know of them could go to the public library and lift down a heavy tome entitled "Who's Who in America" and that they would

Newton Eleven Gives Everett a Scare, Fans Thrills; Loses 8 to 0

Visitors Seize Two Chances Against Greatly Improved Orange and Black Team

A surprisingly improved Newton High football team gave several thousand spectators at Dickinson Stadium last Saturday many cheering moments, though going down to an eventual 8 to 0 defeat at the hands of the undefeated, untied, and unscorched upon Everett High eleven. It was Newton's third straight defeat, which with an opening-game tie, comprises the orange and black 1939 record but in the latest defeat the MacDowell-coached grid forces looked far better than in any other game of the season. Two weak moments spelled the difference between a scoreless tie and defeat. Moments upon which an experienced and heavier Everett crew, considered from the opening of the season as an outstanding contender for the mythical State Championship, immediately capitalized. Not only did the Newton team almost hold its close rival but continually threatened to break loose to cross the hitherto untouched goaline of the Gildea-coached squad.

From the opening kickoff Captain Brooks Heath and his teammates played an inspired brand of football which set Everett back on their heels. By the barest of margins the visitors were able to stave off the advancing Newton host and prevent a first-period score which might well have been the medium of one of the biggest upsets in schoolboy football the season could have produced,

Here's the way it happened.

First Period

Co-captain Gianelli, 225-lb. Everett tackle, kicked off. The kick was short and Gil Dohle, Newton fullback starting his first game, gathered it in on his 30 and raced 35 yards through most of the Everett eleven before being downed on the Everett 35. Heath ran the end for four yards and Tony Rezutti knifed his way off tackle for 12 and a first down on the Everett 19. Everett held to stop Heath and Rezutti. Heath fell back, tossed a pass down the alley which Bob Beatty completed on the 8 yard line for another first down. Heath was nattled for a yard loss but Rezutti gained two. Heath, rushed by Everett linemen, tossed a short pass which Hurley completed only to be downed in his tracks on the line of scrimmage. Hurley's attempted field goal, from a bad angle, drifted past the goalpost, less than a yard outside. Everett put the ball in play on their 20 and in two plays picked up 5 yards, halfback Flynn carrying on both plays. DeRosa kicked to Hurley with the Newton back making 5 yards to midfield. Two plays gained a yard and an incompletely pass forced Heath to kick. Comerford, Everett safety, hesitated but finally decided to catch the ball on his 5-yard stripe. He was hit hard on the 14 yard line and fumbled with Clark Fisher, Newton guard, and Bob Beatty figuring in the recovery for Newton. Everett's heavy line pushed Newton back five yards in three plays. On fourth down Hurley again tried a field goal. The angle was better but the distance greater and the boot

was low. Everett again putting the ball in play on their 20-yard mark. Beatty got in behind to stop Amoroso. On the next play the visitors drew a 15-yard penalty putting them back on their 4 yard line and forcing a punt which Hurley gathered in on the Everett 40. Rezutti ran the end for a yard gain. Flagg and McEvoy replaced Rezutti and Hurley. Flagg hit right tackle for 2 yards as the period ended.

Second Period

Finn, Everett reserve back, intercepted Flagg's forward pass on the Everett 39, stopping another budding Newton threat. Beatty again got in behind to nail Amoroso for a 2-yard loss with Flynn picking up 5 off tackle on the next play. Everett kicked to Flagg on the Newton 15 and the Newton "rookie" got up to his 21-yard line. Heath picked up a yard but an offside penalty on the next play cost 5 yards and on third down Flagg kicked to Amoroso at midfield with Boyer bringing the Everett flash down. Boyer stopped Flynn on the next play without gain. Flynn tossed a pass to Tony Luccia, which the Everett end completed with a nifty circus catch, inches from the ground on the Newton 26, for Everett's initial first down of the battle. Fullback DeRosa hit the line, was almost downed, twisted away for a six-yard gain. Flynn hit right tackle for five more and another first down the 15-yard stripe. Kaloudsian, Newton tackle, stopped Amoroso for no gain and Everett took to the air again. Flynn's bullet-like pass traveled down the alley into Amoroso's arm on the Newton three and the Everett star sidestepped the Newton secondary, which closed in on him fast, and crossed the last white line. Newton forwards blocked the try for Hurley. The Newton safety signaled a fair catch. Before Newton could put the ball in play after a quick huddle time had expired.

Gianelli's ensuing kickoff was hard to handle and Dohle had trouble getting started from his 15-yard line but worked his way up to the Newton 28. Heath hit right tackle for eight yards but two plays were stopped dead and Hurley, who had reentered the game with Rezutti, kicked to Flagg on the Everett 30. Flynn raced around end for 18 yards behind nice blocking. A long pass from Flynn was spoiled by Dohle, inches from DeRosa the intended receiver. Two more passes fell incomplete and Comerford kicked out wide at the Newton 40-yard mark. A Heath to Rezutti pass for 15 yards was nullified by Newton being offside, instead of the goody gain it was a five-yard setback. A Heath to Beatty pass was nearly intercepted by DeRosa but the ball bounced off his upstretched hands. A Newton fumble found half the Everett line scrambling for the bounding pigskin and finally recovering it on the Newton 21. Comerford was stopped for no gain as the half expired.

Third Period

Gianelli kicked off with Bob Beatty taking the ball on his 30 and getting up ten yards. Rezutti was tossed for a three yard loss which Heath made up with two gains of 5 yards each. Heath kicked outside at the Everett 35. Teschner stopped Amoroso for no gain. The Everett back tried the other side and got away for 10 yards and a first down. DeRosa smacked the line for 5. Flynn for a yard, and DeRosa for 4 more and another first down. Woodruff, Newton Centre, held Flynn for a small gain. Beatty got in on DeRosa but missed a clean tackle, slowing the ball-carrier enough to let Woodruff and Rezutti toss him for a loss of a yard. Amoroso missed a fast pass down the alley and Flynn kicked into the end zone. Heath was hit hard and the ball bounced out of his arms with an Everett lineman catching the ball and being downed on the Newton 15. Boyer, Kaloudsian and Teschner stopped Amoroso and DeRosa for no gain. The former spun away from Beatty on the next play but Rezutti backed up in great style to halt the Everett star for no gain. An incomplete pass gave Newton the ball on downs.

Rezutti slid off tackle for three yards. On the same play he got through and away for 17 yards. Another step or two and he would have

NEWTON INVADES SHOE CITY FOR GRID GAME

Improved Newton Outfit Aim-
ing At Unexpected Upset
Over Brockton

Tomorrow afternoon the Newton High football eleven journeys to Brockton to meet the undefeated and high-scoring Shoe City eleven, annually regarded as a potential state champion. The game marks the half-way point on the local schedule of ten games. In its four conflicts thus far the orange and black crew tied its opening setto with Cambridge Latin and since has suffered three consecutive defeats—to Arlington, Quincy and Everett. Newton fans, however, should not sell Newton short in any of its remaining games which include not only Brockton but such other foes as Rindge Tech, Medford, Fitchburg, Waltham and Brookline. With each succeeding week the MacDowell-coached local outfit has shown rapid improvement.

The model illustrated is the Buick SUPER model 51 four-door touring sedan \$1109 delivered at Flint, Mich.*

ONE little thing will illustrate the unsparing care we're spending to make this 1940 Buick the best car we've ever built.

Take the springs—not simply the great soft-action spirals that cushion the car, but even the valve springs.

After they're shaped and tempered and finished there's likely to be here and there a tiny scratch on the surface of the steel.

Such a scratch conceivably might start a fracture. So we shot-blast our springs—to heal such tiny scratches, "peening" the surface in miniature like hammered silver.

All through this massive, powerful, beautiful car you'll find special precaution like that.

For example, we used to balance by weight all sets of parts in our tornadic Dynaflash straight-eight engine, to cancel out even a hint of "rough."

We do that still, but now we do more. On special machines we electrically balance this great engine to micropoised perfection after assembly, paring metal if need be to

smooth its velocity to velvet.

Seat angles, pedal positions, shock absorber travel-are, brake areas, control tensions—every detail comes under special study.

When the experimental models had done their stuff on the General Motors proving ground, we turned 'em over to sharpshooters to punish, over thousands of miles of bad roads and good.

Out of it all comes an automobile we're mighty proud to offer—an unbeatable travelmate you will be thrilled to own.

Come drive it—see how excitingly close steel and rubber and glass can come to being alive!

Chestnut Hill and Alderman Joseph B. Jamieson are opposed in Ward 6 by Giovanni Amicangoli of 22 John st.; Alderman Jamieson, present Ward Alderman, and Alderman Carol J. Hoffman of Vineyard rd., Newton Centre, present alderman-at-large, have swapped positions. Alderman Hoffman was elected to fill the vacancy created by the resignation of Mr. Goddard when the latter was elected Representative.

Alderman-at-large Clarence C. Colby and George E. Rawson of Ward 7 are opposed by Thomas E. Monahan of 247 Tremont st., Newton.

Four of the seven Ward Aldermen are unopposed. Aldermen Edward A. Fahey of Ward 1, George A. Bacon of Ward 4, Theodore R. Lockwood of Ward 7 and as stated, Carroll J. Hoffman of Ward 6.

The retirement of Alderman Richard Ashenden in Ward 2 has resulted in a contest for the position between Rodney C. Eaton of Page rd. and John J. Maguire of 46 Crafts st.; Alderman Kenneth C. Tiffin of Ward 3 will be opposed for re-election by Eugene A. Cronin of 33 Henshaw st. In Ward 5 Ward Alderman Clifford H. Walker is opposed by Harry B. Cummings of 244 Dorset rd.

It is expected that the new building will be turned over to the company by the contractors about December first of this year. With the vast amount of work to be done towards installation of dial service, November 1940 has been set as the approximate date for the inauguration of this service.

The granite face stones, conspicuous by their absence in the front of the new building, are of ornamental design. They will be placed immediately upon their arrival from the stone cutter. Among other interesting facts pertaining to the work now being done in Newton is that some 57 miles

of cable must be pulled through the new conduit systems. Local Newton labor is being employed as much as practicable in the construction of the new building and conduit systems.

Meanwhile conduit and trench operations have been proceeding rapidly on Walnut and Washington sts. and Commonwealth ave. with as little interruption of traffic as possible. On Commonwealth ave. the necessary trench work has been done in the reservation and with excellent digging conditions has advanced with almost miraculous speed. In business sections much of the work has been done at night in order that parking and business will not be handicapped unduly.

40TH WEDDING ANNIVERSARY

On Wednesday evening, October eighteenth, Mr. and Mrs. William E. Leonard, of Brooks ave., Newtonville, attended a surprise celebration of their fortieth anniversary at their daughter's home, Dr. and Mrs. Victor Roche, Bedford st., Lexington. Mr. Leonard is assistant city engineer of the City of Newton, and was congratulated heartily for his fifty years of faithful service at City Hall. When a young boy of fifteen, Mr. Leonard began his career at City Hall in October, 1889. An additional point of interest is that both Mr. and Mrs. Leonard reached the age of sixty-five in the past two months.

Those attending the celebration were: Mr. and Mrs. Leonard's son and wife, Mr. and Mrs. Raymond D. Leonard; their other married daughter and husband, Mr. and Mrs. W. David Goff, Jr.; Miss Ethel Davis of Fitzwilliam, N. H.; Mr. and Mrs. Samuel Flemming of Newton; Mr. and Mrs. Archie Frost of Andover; Mrs. Thomas Hovenden and Miss Lena Hovenden of Newtonville; Mrs. Warren Colegrove of Newtonville; and Miss Clara Burgess of Boston.

WEINSTEIN—SIMON

Miss Blanche Simon, daughter of Mr. and Mrs. Carl Simon of 38 Noble st., West Newton, was married to Julian S. Weinstein, son of Mr. and Mrs. Joseph Weinstein of 70 Clements rd., Newton, at noon on Sunday, Oct. 15. Rabbi H. H. Rabinowitz performed the ceremony. The bride was given in marriage by her father.

On their return from a motor trip through the Adirondacks, Lake Champlain, and Canada, Mr. and Mrs. Weinstein will reside in Biddeford, Me.

The bride attended the Newton High School and Franklin and Marshall College. The groom attended the Waltham High School and is a graduate of the Bryant & Stratton Commercial School.

SAVE BEFORE YOU SPEND

"I had no idea that a savings bank mortgage plan was so flexible. It's really tailor-made for each individual. Now I can see that, by gradually reducing the amount of my mortgage each year, there will be a substantial saving in interest cost. And with the present reasonable interest rate, a savings bank mortgage is a cheap if not cheaper than any other I might use."

Don't commit yourself to any mortgage arrangement before you consult this bank. You will find it well worth your while.

LIFTING THE SHADOW OF DREAD

The discovery of Anti-Toxins, Serums and Vaccines is one of the accomplishments of Medical Science, of which all Doctors are proud, and for which they are profoundly thankful. These have helped to lift some of the dread, which parents endure during the infancy and early childhood of their youngsters.

It is almost criminal these days, for children to be left to the mercy of common but deadly diseases, such as diphtheria, smallpox and lock-jaw, with preventive serums easily available. Many deaths, grave illnesses and life-long after effects can be avoided by proper attention and timely immunization.

Consult your Doctor and protect your children against these drains on growth and development.

The Travel Class of the Educational Club will meet at the home of Mrs. William D. Keefe, 113 Prospect st., Wellesley Hills, on Monday, October 23, at 2 o'clock. Mrs. Paul E. Carlson will be assistant hostess. Papers will be read by Mrs. Justin D. Starkie on "Old Meeting Houses and Homes" and by Mrs. Charles E. Gibson, Jr., on "Yesterday and Today at Sea."

A very pleasant afternoon was enjoyed by the West Newton Women's Educational Club on Friday, October 13, at the Second Church of West Newton, when fifteen guests from the Perkins Institute for the Blind attended the program. "The Romance and Mystery of the Gypsies," by Marion C. Allison. A troupe of four talented young women in costumes presented the folklore and songs of the gypsies. Miss Edith Stevens, the violinist of the group, played a solo "The Gypsy Dance." The Garden Club lived up to its reputation by arranging beautiful fall flowers around the hall. Mrs. Percy Waters donated the flowers for the Tea Table. Refreshments were served in the Parlor with Mrs. Francis H. McCruden and Mrs. Sidney B. Sargent the pourers and Mrs. Frederick E. Coffin and Mrs. Louis A. Wilson the hostesses.

Newtonville Garden Club

The Newtonville Garden Club will hold its next meeting at 10 a.m. Friday, October 27, at the home of Mrs. N. A. Halfett, 307 Cabot st. A paper on "Geraniums" will be presented by Mrs. H. P. Coleman. Garden questions will be offered by Group 2.

Newton Highlands Garden Club

The Newton Highlands Garden Club will hold its first meeting of the season on Tuesday, October 24, at 8 p.m. at the home of Mr. and Mrs. Warren B. Kennedy, 39 Columbus st.

Mr. William N. Craig will be the speaker of the evening, and his subject will be "Fall Perennials." Mr. Craig is a professional grower, a popular speaker, and an authority on his subject.

The members will exhibit "Winter Bouquets" and "Arrangements of Chrysanthemums."

Growing tulips for competition with one another at their Spring Show will be a project of the members, and the

bulbs will be distributed on Tuesday evening.

The following officers were elected at the Annual Meeting: President, Mrs. Percy I. Merry; secretary and treasurer, Mrs. Seward G. Johnson; program committee, Miss Marion H. Dorr, chairman, Miss Mary R. Stark and Mr. Alfred C. Shelton.

How to Make Slip Covers

A course of five lessons on the "Making of Slip Covers" is offered to a small group of members of the Newtonville Woman's Club, and their friends. Applications should be made at once with Mrs. Harold L. Stillman, chairman of the American Home committee. Telephone, Newton North 0481-M; or with Mrs. Harold B. Sherman, Newton North 4872-W, as attendance is limited. The first meeting will be held October 26, at the home of Mrs. Sherman, 264 Mill st. Those who took this course last year found it so worthwhile that it is being repeated for others this year.

Club Enjoys Style Show

A Style Show opened the current season of the Woman's Club of Newton Highlands on Tuesday, October 17. All types of smart dresses, coats, hats and furs were shown by charming models, two from the store and the following Club members, Mrs. Herbert G. Dunphy, Mrs. Russell W. Clark, Mrs. Charles J. Brown, Mrs. Vincent H. Mariotti, Mrs. Herbert N. Odell, and Mrs. Edward H. Ruby. William Ellene's Sons made this display possible, their "Stylist" explaining and describing the various types of dresses.

Mrs. Malcolm Green, president of the Club, presided at the business meeting which preceded the program. Attention was called to the coming Book Talks by Mrs. Thomas Rudkin on October 24th, November 14th, and December 12th.

Mrs. Edwin F. Gibbs, speaking for the Legislative committee, commented on the coming election and urged all members to vote. All those interested in antiques, decorating trays, or interior decorations are asked to get in touch with Mrs. Carlton Perkins.

Mrs. Green urged all those having children with talent to talk with Mrs. Will T. Laverty, chairman of the American Home committee.

The State Federation Annual Meeting held at Swampscott last May was reviewed in an interesting manner by Mrs. Herbert G. Dunphy, vice-president of the Club.

A delightful group of songs was given by the Club Chorus, followed by refreshments and a social hour.

"Head Line Folk and What They Do" is the subject of Mrs. Francis J. Flagg's lecture, to be given Sunday afternoon, October 29, at 3:00 in the Georgian Room at the Hotel Statler for the Professional Women's Club of Boston.

Mrs. Flagg will speak of her personal experiences with Head Line Folk, and she is planning to intro-

duce several prominent celebrities in person.

This first of the regular series of Sunday afternoons will be open to the public at 50 cents a ticket. This plan is to raise sufficient funds to defray expenses for the Sunday afternoon Teas for the entire season for members and their friends.

Miss Bertha Barnes, chairman of Club Room activities, will introduce Mrs. Flagg. Mrs. Edna Hughson Kellogg has charge of tickets.

Hints to Gardeners

Looking Toward Fall

Bulbs are planted in fall to give them opportunity to develop ample root growth. It is the safer practice to protect bulbs in the ground with a mulch of leaves or straw. Mulch should be put on after the ground is frozen hard. It is intended to protect them from the damage of alternate freezing and thawing, not from the cold.

One of the most important factors in successful bulb flower growing is proper planting. Well-drained soil should be used. Press soil around bulbs well so there are no air spaces.

Depth of planting must be carefully measured. Observe these recommended depths: Anemone, one inch deep; crocus, snowdrop and scilla, 2 inches; jonquil and tulip, 3 inches; hyacinth and narcissus, 4 inches; and lily, 5 inches. When measuring depth, measure from the top of the bulb. For instance, set hyacinth under four inches of soil.

Bulbs should be set the following distances apart: Anemone, 4 to 6 inches; crocus and snowdrop, 2 inches; scilla, 3 inches; jonquil, 6 inches; tulip, 4 inches; hyacinth, 6 inches; narcissus, 6 to 12 inches, and lily, 12 inches or more.

It always pays to buy bulbs of fine quality. Good, healthy bulbs are always firm and comparatively heavy for their size.

Never allow unmixed fertilizer to come in direct contact with bulbs. When fertilizer is used mix very thoroughly with soil before planting bulbs.

Brockton

(Continued from page 5)

From the opening whistle of the Everett game Captain Brooks Heath and his ten mates pinned the Gideontown outfit's ears right back with a shock that electrified Newton patriots. In almost less time than it takes to tell Newton threatened Everett's goaline, not once but twice, and started off a third time only to be halted by the interception of a forward pass. The first two threats were attempted field goals, the first of which missed chalking up three points for the home team by a narrow margin. Grandstand quarterbacks and second-guessers complained that three points wouldn't beat Everett but they lost sight of the psychological effect such a score would have had. The Everett goaline has been inviolate in three games and with an experienced, heavy and powerful field, supported by a talented backfield, it takes greater power and more talent to score touchdowns.

Newton didn't have the power or talent to outdo that shown by the Everett invaders. But a field goal in the first few minutes of play might well have been the very undoing of that power. Newton is rapidly learning finesse. Its obvious that the only way to score against a team you cannot go through or around is to go over. And that is what Newton did.

The Everett touchdown was an example of the talent the visitors possess. The play that set up the score was a pass down the alley which Tony Lucci, Everett end, snared with a catch that would do credit to Joe DiMaggio, or some other ace outfielder. A diving clutch, inches off the ground. Some might well say, luck and the breaks of the game. Possibly, but this same Everett end has caught them that way before when there was pay dirt in the balance. Probably he'll do it again. The completion of that pass put Everett deep into Newton territory. A few plays later and a perfect pass had done the trick.

The safety which Everett chalked up also followed a smart play. Their attack had been stopped by an inspired Newton defense near the 30-yard stripe. Jackie Comerford, a name well remembered in Everett football from previous years, punted. A long punt? A hard one? No. He simply dropped the ball against his foot—it didn't travel more than 20 yards, and hardly 20 feet in the air—to land where it had been intended—inside the Newton five-yard line. The powerful Everett line gave all it had to crash through, on the second play, to smother an attempted return punt. It didn't matter much that the pass from centre had been fumbled. The slightest delay in getting that kick away would have meant disaster, probably another touchdown instead of only a safety. But this is past history.

What of the future? Time alone will tell. A light, green, and an unknown football team, with numerous obvious weaknesses and with a new coaching regime at its head took the

field four weeks ago tomorrow. Many adults showed up in that opening encounter against Cambridge Latin, gradually their mistakes have been corrected and the various weaknesses strengthened.

The following week showed much improvement, but yet the team lacked that necessary something which makes a smooth running machine function as desired. Quincy came and conquered. The home team showed flashes of potential ability but not consistently enough to "go to town." The blocking was ragged, and the passing impotent, first on the receiver's part then again on the passer's part.

Last week, against any other of the three teams that had been previously met, Newton would have been victorious. It was the schedule maker's fault that Everett was the opponent on that particular day. Tomorrow is another day. Perhaps the blocking will be perfect. Perhaps the passing will be timed correctly and well handled.

Perhaps the Brockton team may be overconfident and its strong offensive play suffer a let-down. Though Brockton must be regarded as a heavy favorite to sink the Newton outfit perh-

aps those red and yellow special M. & B. busses will bring a smiling Newton squad home, deliriously happy over its first victory of 1939 for their school and their coach. An upset? Why not?

Coch MacDowell has announced but one probable change in the starting line-up at Brockton from that which took the field against Everett. At left tackle Healy will probably start for Bill Kalousdian. The Newton junior received a fractured jaw in the Everett game which was not revealed until Tuesday by x-ray pictures.

Among the new faces which appeared in substitute roles against Everett were those of John Flagg and Bill Coletti in backfield positions. Both are seniors who started practice late but have developed sufficiently to earn reserve ratings. Both will probably see early service against Brockton with Coletti relieving Gil Dobie and Flagg going in for either Hurley or Rezutti. Captain Brooks Heath is carrying on an iron-man role to perfection, capably performing three of the most difficult tasks. He not only is calling the plays and signals, but backing up the line in great style on defense and carrying the ball frequently on offense. The line will have Ricky Woodruff at centre, flanked by Clark Fisher and John McNeil. Boyer and Healy will be the tackles. Bob Beatty, whose play against Everett was outstanding will be on one wing with Phil Teschner at the other.

Methodist Church parlor in Newton Centre. Refreshments were served by a committee of which Miss Mildred Bourdon was chairman; assisting were Mrs. R. C. Garner, Mrs. Burton Chadwick, Mrs. Townsend Cushman, Mrs. Walter Kimber, Mrs. G. S. Skinner and Mrs. Sam Nash.

Mrs. Carl Spofford assisted the secretary, Miss Vera Andrews, in scoring. The awards were presented by Mr. Reginald C. Garner, president of the Newton Archers.

FIRST YEAR ARCHERS WIN AT NEWTON CENTRE

The regular monthly Carroll P. Moulton handicap tournament of the Newton Archers was held at the Archery Field, Newton Centre Playground on Saturday, Oct. 14th. There was great enthusiasm among the group, when the winners were announced — each of the three being new archers in their first year of tournament. Doris Kimber of Winchester was high lady, Gil Currier of Newton Highlands high man and Leo Dorman Jr., nine years old of Newton Centre, high junior. Each received a Carroll Moulton trophy. The copper bowl for high American Rd. went to Geo. S. Skinner.

Before the year 1000, Monks in their quaint monasteries on the island of Guernsey, which lies off the coast of France, began the development of a breed of cattle which was later to become world famous.

These Monks selected only those cows which produced milk of richness and flavor. Down through the centuries animals producing milk of least quality were slaughtered for food.

Guernsey cattle were brought to a few wealthy estates for many years. Gradually their fame spread among consumers of milk and now leading dairies have beautiful herds, supplying Golden Guernsey milk.

RECENT DEATHS

HARRY WILSON

Harry Wilson of 211 Central st., Auburndale, died on Saturday, Oct. 14, at his home after a short illness. Mr. Wilson was born in London, England. He had resided in Newton for 25 years and was in the leather business in Boston. He is survived by his widow, Mrs. Mary W. R. Wilson, and two sons, Dr. Arthur R. Wilson and Donald S. fluencey of Adolph Hitler may soon realize the futile horror of war, as they lie on some battlefield of the Western Front suffering agonies. Multitudes of young Frenchmen and Englishmen may soon be slaughtered because bungling, materialistic minded politicians and financiers of those countries thought more of world power than they did of idealism, and because they permitted the Nazis to manufacture huge quantities of airplanes and armaments. The sinking of a supposedly impregnable British battleship by a German "sub," and of all places in Scapa Flow, is a serious blow to the prestige of England, and undoubtedly is causing the leaders of that country plenty of worry.

Britain is at war with Germany because the Nazis invaded Poland. Britain signs an agreement with Russia which also has invaded and seized much of Poland, and has practically invaded some of the small Baltic countries. Funny, isn't it? And there are those citizens of the U. S. A. who would have this country enter the war to save the "democracies" over-

A TELEPHONE RATE AREA FOR NEWTON

Preparatory to giving our Newton customers all the advantages of a fast and efficient modern dial telephone service next year, the three present rate areas, Newton North, Center Newton and West Newton, have been combined in a single area, effective October 16. This change offers immediate advantages to many customers.

WEST NEWTON CUSTOMERS will have the same exchange rates as customers in the Center Newton and Newton North exchanges. Measured service allowances are larger, local contiguous areas are greatly extended, and West Newton customers are brought into the one-unit zone for calls to Boston.

NEWTON NORTH AND CENTER NEWTON CUSTOMERS will have new unlimited contiguous and measured service areas, offering either of these classes of service many exchanges which may be called within their service areas.

THE NEW "UNLIMITED CONTIGUOUS SERVICE" AREA for all the Newton offices comprises the following offices to which unlimited calls may be made without cost by those with this class of service:

One would hardly know that the first biennial election in the City of Newton was less than two weeks away. Lack of interest is obvious at present, although there undoubtedly is considerable activity going on behind the scenes and in the camps of the major campaigners. Possibly this ineptitude will give way to a spasmodic outburst of activity to bring a whirlwind finish unlike any campaign in Newton for some years past. Certainly with 29 offices to be filled by the voters on Nov. 7, there should be greater interest than usual if the best interests of the citizens are to be served. Good government can only exist through election of public officials by a majority voice of the people.

Let's look at the principal candidates. Mayor Childs is being opposed for re-election by three men well known in Newton: State representative and former Alderman-at-Large Paul M. Goddard, former Chairman of the Board of Registrars of Voters James A. Waters, and Alderman-at-Large Major Frank T. McCabe. Goddard was the first avowed candidate and campaign plans have been in the process of making for several months. Waters was the next to announce he would run while Major McCabe was an eleventh-hour entry, coming into the race only the day before the time for filing nomination papers expired, a little more than a week ago.

Major McCabe has served as one of the two aldermen-at-large from Ward 1 for the past five years. For some time he has been one of the most open and severe of the present Mayor's critics. He brings to the campaign an angle which is rare in Newton politics. Unless something unforeseen occurs he probably will receive votes that formerly have been easily captured by the Mayor.

One of the interesting angles to the Waters campaign is that the popular James P. Gallagher is listed as general chairman. Time was when Mr. Gallagher was numbered among the Childs' prominent supporters. Incidentally this is but one of numerous instances where Mayor Childs is not receiving the endorsement that he formerly enjoyed. Some years ago, when the Teachers' Oath Law was the subject of considerable discussion Waters upheld its adoption in a controversy with Professor Kirtley F. Mather, former Newton school committee man, which the South Side of Newton well remembers. He also vigorously denounced the Newton schools as too costly for the benefits derived. Mr. Waters presents a specific platform in an impressive manner despite the fact that many will not agree with his conclusions. Like Major McCabe, however, he will receive many votes that formerly Mayor Childs received. To what extent no one can predict although his total may prove to be surprisingly greater than many might believe.

Can Goddard succeed where others have failed is perhaps the biggest question of the campaign? Mayor Childs has proved exceptionally popular through the years and although it is obvious that there has been considerable wavering upon the part of former enthusiastic supporters its extent cannot be measured accurately. We are, however, amazed to hear many former supporters of the Mayor ex-

Community Forum Opens Nov. 5 With Maj. George Eliot

Military Expert Will Talk On "War In Our Time" At Newton High School

The Newton Community Forum announces the first meeting of the 1939-1940 season will be held on Sunday afternoon, Nov. 5th, in the high school auditorium at 3:30 p.m. The coming season is the fifth in which this civic organization has brought outstanding speakers, authors, commentators and nationally prominent authorities on a wide range of subjects.

MAJOR GEORGE F. ELIOT

Major George Fielding Eliot will speak on "War in Our Time" at the first meeting. Other meetings already announced are those of Nov. 19th at which time Congressman Joseph W. Martin, Jr., will speak on "The State of the Nation"; Dec. 3rd when Hubert Herring will speak on "The Wooing of Latin America"; and Dec. 17th when Dr. Charles H. Judd will speak on "What Kind of High Schools Are Worth Paying For?"

There is one subject in everyone's mind today: War! Ever since Chamberlain talked of "Peace In Our Time," war has devastated Europe. Everywhere people are asking: Can America keep out? What will happen if war comes? How safe are we? Do we need a large standing army? Are battleships obsolete? Can Germany win? Will Russia betray Germany? If defeated, what terms will England and France be forced to accept?

There is no one better qualified to discuss these vital questions than Major Eliot. As late as September he was making a tour of inspection of Europe's military establishments. Then he was heard interpreting war news over the radio from London. During the last war, he fought with

Waters Advocates Tax Limit On Real Estate, And Urges Economy

A large campaign committee has been organized for James A. Waters, who is a candidate for Mayor. James P. Gallagher is general chairman; Francis E. Levi of Newton Highlands, treasurer; and Edward O. Proctor, chairman of the executive committee. A number of rallies have been held in behalf of Mr. Waters' candidacy. On Tuesday night about 70 persons gathered at the home of Mrs. Mabel Alberti, Centre st., Newton Center, and heard Mr. Waters expound the following views:

Mr. Chairman, Ladies and Gentlemen:

Today our government is confronted with a crisis, a crisis caused by the cost of maintaining that government. It will, on November 7, be our duty to participate in an election which will result in placing in office the officials who will conduct the affairs of our city government for the next two years. The cost of maintaining our city government, as well as the costs of the state government have grown tremendously in the past twenty years. These costs started to rise in 1919 and as prosperity increased during those boom years, the cost of government also rose. The cost of maintaining the state and municipal governments in Massachusetts rose from \$93,000,000 in 1919 to \$181,000,000 in 1929; an increase of approximately 100 per cent. The cost of maintaining the city government of Newton rose from about one and one-half million dollars to over four million dollars in 1929; an increase of over 135 per cent as compared with the average increase of 100 per cent throughout the state.

The tax rate rose from \$19.80 to \$27.20 per thousand. Then came the financial crash and the consequent business depression. The cost of government was established and added to this cost almost at once the added cost of relief for the unemployed. So that in addition to the already high cost of government there was added the further cost of caring for the unfortunate on public welfare, making the cost to the city of Newton for maintaining the local government in 1938, \$5,085,000. This is not the total cost of maintaining the city government.

Community Chest Campaign Ready To Get Under Way

Confirmation of Wilson Held up by Technical Error

The confirmation by the Board of Aldermen of Mayor Childs' appointment of F. Ewing Wilson as Director of Recreation ran against a snag at the meeting of the Aldermen on Monday night because the Mayor failed to conform to the provisions of the new ordinance, drawn up several months ago, to provide for evolving the Newton Playground Department into a Recreation Department, changing the executive authority from the members of the commission to the director, and keeping the appointment of the director out of civil service. The ordinance provides that the Director of Recreation shall also be appointed a member of the Recreation Commission. When Mayor Childs appointed Reginald W. Brown to the new office in September, he conformed to the requirements of the ordinance and

2400 Workers Will Call at 17,000 Newton Homes To Raise \$199,605.75

Progress on all parts was reported by the Newton Community Chest this week. Active solicitation of all Newton retail stores and professional offices is being pushed by the Women's Division under the leadership of its chairman, Mrs. Arnold C. Barker. This division expects to complete its work prior to the opening of the general campaign on November 10th.

The goal for the campaign this year is \$199,605.75. Since the amount raised last year was \$191,600, it will be necessary to obtain substantial increases over last year's pledges. Chest officials point out that not only is the goal higher, but that many former contributors have been lost by death or removal from the city. Their contributions must be made up by new or increased contributions.

Chest officials emphasize that the Campaign Goal is the minimum amount needed by the agencies for 1940. In a statement to officers and directors of the Chest, the Budget Committee declared: "Throughout the year, members of the Budget Committee are in close touch with the agencies assigned to them. Based upon this practice, together with a study of the agencies' monthly operating statements, and followed by thorough analysis of personal conferences about the detailed agency budgets for 1940, we recommend \$199,605.75 as the 1939 Campaign Goal. We are convinced it is the minimum amount needed, and that any reduction would seriously impair the social and health services rendered by the Fourteen Chest agencies."

The Members of the Budget Committee are: Mr. Benjamin J. Bowen, Chairman; F. Wadsworth Bush, Charles H. Cobb, Charles C. Dasey, Cyrus V. Ferris, Leslie D. Hawbridge, Clarence G. McDavid, Joseph F. Wagner and Clark E. Woodward.

Recruiting the vast army of 2400 volunteer solicitors is proceeding rapidly. The Residential Division, Herbert C. Hardy, chairman, which has the responsibility of calling on almost all of the 17,000 homes in Newton in every village of the city. Ald. Mr. Hardy is Assistant Chairman; Horace W. Cole, Benjamin Levin and George L. White. Village Chairmen for the Residential Division are: Winslow H. Adams, Auburndale, Thomas S. Woods, Jr., Chestnut Hill, Edward H. Learnard, Newton, Stanton J. Ten Broeck, Jr., Newton Centre, Walter S. Newton, Jr., Newton Highlands, Everett M. Brooks, Newton Lower Falls, Kenneth C. Bond, Newton Upper Falls, Rodney C. Eaton, Newtonville, William F. Joyce, Nonantum, Norman A. Hall, Oak Hill, John H. Underhill, Waban, Robert B. McGuire, Waban Hill, and Ernest G. Angevine, West Newton.

In preparation for the Campaign, neighborhood meetings of campaign workers are being held throughout the city.

First Church in Newton Continues Observance Of 275th Anniversary

Next Sunday Will Hold Exercises at Church and Gov. Saltonstall Will Speak at Banquet on Monday

Tax Bills Delayed—Bear Interest as Usual

Real estate property owners in Newton recently received their tax bills for 1939. The delay in sending out these bills was caused by the Legislature in adopting a recommendation of Governor Saltonstall that the date of fixing local tax rates be postponed until the amount of the State Tax, to be assessed upon the cities and towns had been determined. At the end of the Legislative session the State Tax was certified to the cities and towns by Tax Commissioner Henry F. Long, and legislation enacted permitting the fixing of local tax rates after Sept. 1st. Preparation for sending out the bills has been in progress for the past several weeks and are now due and payable, without interest until November first. After November first interest will be charged, from October 1, at the rate of 4 per cent.

Want Trade School Out of Hamilton School Building

At the meeting of the School Committee on Monday night a delegation of Newton Lower Falls residents appeared and demanded that the intermediate, or vocational department of the Newton Trade School, which has been housed in the Hamilton School on Grove st., Lower Falls, since September, 1935, be removed from that building. This department of the Trade School was started in 1934 and was housed for about 18 months in the basement of the Peirce School on Chestnut st., West Newton. Because of the growth of the department and the dampness of the basement at the Peirce School, larger and healthier quarters were needed for the boys and girls attending this branch of the trade school, so it was moved to the Hamilton School building at Lower Falls. This building was erected in 1938. It is large enough to accommodate 300 pupils, but the largest enrollment of children in the six elementary grades there was 96 in 1935. In 1938 the attendance in the elementary grades was 77 and this year it is 84. These grades occupy four rooms and have the smallest class numbers in the city.

Explaining that poverty, bad housing, ignorance and ill health, which exist in great sections of the nation, were deterrents to democracy, she urged a thorough analysis of the meaning of democracy and a change in the social structure to enable the United States, "perhaps now at the beginning of the road, to move forward toward democracy for all."

Rev. Morrison R. Boynton, D.D., minister of the church said in part that perhaps the greatest contribution of Christianity to the affairs of man had been the regard created for the value of human life. "It has been able to teach men and women that there are values in every individual human soul which are infinitely precious and that there can be no ordering of society until the rights of all are understood and respected."

On Monday evening, October 30 a parish banquet will be held at the Newton Centre Women's Club at which Governor Saltonstall and Mayor Childs will be among the speakers. At the meeting of the Board of Aldermen on Monday night Mayor Childs sent the following communication to the Board:

October 29th, 1939, marks the 275th anniversary of the First Church in Newton, established in 1664 and the only church in the town for 116 years.

Since then 46 churches have been

KING—SPAULDING

A very pretty wedding was solemnized on Sunday afternoon, October 15th, at 4 o'clock in St. Mary's Church, Waltham, when Virginia Beryl Spaulding, of 11 Willow st., Waltham, daughter of Mr. and Mrs. A. W. Spaulding of Sutton, N. H., became the bride of Lothrop Vincent King, son of Mr. and Mrs. Edward L. King of 56 Pembroke st., Newton.

The bride's gown was of white moire fashioned with a train and her veil was worn cap style. She carried a bridal bouquet of white roses. Her only attendant, Miss Geraldine Sweeney of Waltham, wore a quaint hoop-skirted gown of changeable blue taffeta. A cluster of vari-colored velvet flowers held in place by a short blue veil and a harmonizing bouquet completed her costume.

The double ring service was followed by reception at the home of Mr. and Mrs. L. E. Spaulding of 11 Willow st., Waltham, uncle and aunt of the bride. Afterwards the couple left by motor for a wedding trip to the White Mountains.

Beautiful Booklet in Colors

"THE MODERN MAGIC CARPET"

WITHOUT CHARGE OR OBLIGATION we will send you this thrilling new booklet that will waft your child, on a Magic Carpet, through page after page of fascinating information and pictures. One whole page of pictures shows the wonders of the Submarine. The center spread illustrates the immensity of the universe. Ten of the pages are in glorious colors, many in gravure. See how swiftly this booklet wins the children; how they read it again and again. It shows clearly how . . .

THE BOOK OF KNOWLEDGE

answers every question a child can ask

Is there any subject on which your child has not asked you a dozen questions? Curiosity is the first step toward knowledge. Be sure the questions are answered correctly. But CAN YOU EXPLAIN clearly, simply, interestingly why the stars twinkle, why raindrops are round, where day begins, how the flowers get their smell and their colors?

GIVE YOUR CHILD A SQUARE DEAL

Let your child, like millions of other young people, all over the world, have this great educational help. The Book of Knowledge answers the child's questions, tells him the great secrets of the world and of the universe in simple, story-book form. 15,000 pictures make facts doubly clear. Let your boy or girl read about this great set of books in "The Magic Carpet."

. . . WOMEN'S CLUB ACTIVITIES . . .

Edited by EMMA D. COOLIDGE

Conference Will Answer Many Questions

The Community House Woman's Club of Hopedale will be Hostess to the Twelfth District of the State Federation in a Conference to be held there on Tuesday, October 31, opening at 10:30 in the morning. The Hostess Club president is Mrs. Paul C. Grant, Jr., Mrs. William F. Leach, director of the Twelfth District, will present the speakers among them the State Federation president, Mrs. Henry W. Hildreth.

"Answers to a Clubwoman's Questions" is the general topic of the conference, and speakers from the State Federation departments who will answer some of these questions are the following:

At 11 o'clock, Mrs. Benjamin D. Miller, "Shall I Subscribe to Topics?", Miss Helen Kent of the Sherreeve Studios, presented by Mrs. Arthur G. Fletcher, chairman of American Home, "How Can I Beautify My Home?" Mrs. Francis R. Sweeney, chairman of Social Welfare, "Have I Community Responsibilities?" At 12 o'clock, Mrs. Clifford L. Hubbard, chairman of Art, "Is Art a Matter of Everyday Life?"

Luncheon will be at 12:30 o'clock. Tickets at 65 cents may be obtained from Mrs. Gordon Clark, 84 Dutcher St., Hopedale, before Saturday, October 28th. At this period clubwomen will have opportunity to view an exhibition of work done by members of the Hopedale Community House Association.

The afternoon session will begin with music at 2 o'clock. At 2:15, Mrs. Lars A. Svensson, chairman of Industry, will introduce Rev. Leon Skoford, who will show a film "Cooperatives Forge Ahead," answering the question, "Should Women Be Interested in Industry?" At 3 o'clock, Adele Hoes Lee, guest speaker presented by Mrs. H. A. Evans, chairman of Literature and Drama, will answer the question "What Plays Shall I See?"

Conference on Buy Only Tagged Christmas Greens

"Buy Only Tagged Christmas Greens" is the slogan of the Conservation Council this year in a crusade to stop the despoliation of the New England forests and to help prevent the bootlegging and stealing of Christmas greens.

On Friday, November 3, at 11 a.m., in Horticultural Hall, a Conservation Conference will take place under the joint auspices of the Massachusetts State Federation of Women's Clubs and the Massachusetts Federation of Garden Clubs. Mrs. D. J. Curran, of the State Department of Agriculture, will speak on "Tagging Christmas Greens"; and Professor Robert Parmenter will demonstrate the proper cutting and pruning of greens.

Those attending in the afternoon, which begins at 2 o'clock, will be ably instructed in making Christmas wreaths and garlands by Professor Arnold Davis. Those wishing to join this free class must register at the morning session, and bring their own wire and apron.

The Conservation Council which is made up of the Department of Agriculture, Federated Garden Clubs, Garden Club of America, and the State Federation of Women's Clubs, announces that all tagged green material will be required to be cut according to good conservation methods, otherwise it cannot be tagged.

The tagging will tend to offset the reselling of stolen wreaths taken from doors and other places.

At noon the usual box lunches will be supplemented by coffee served by a special committee.

At 1 o'clock the Drama and Literature committees will add to the program with Book Reviews and a Play-reading.

and spoke of the friendly co-operation she has from the various publicity chairmen of Newton's clubs.

Looking beneath the headlines to discover the meat of the news was suggested as the best method of molding an opinion, by Mr. Walter W. Cunningham, of the Christian Science Monitor. He made it clear that newspapers are a real and powerful force, but he insisted that the news should be interpreted by the readers, the role of the newspaper being to present news as it occurs in unbiased manner for the benefit of the public to read and to analyze with intelligent and open minds.

At the business meeting previous to the program, an invitation from the Newton Community Forum was extended to all to attend the first meet-

Two Quick Scores Settle Issue Newton Battles To Finally Score

ton backfield with Flagg at fullback. Flagg tossed a pass to Ashley for 18 yards but then a Newton pass was intercepted. Newton held and on third down, Brockton quick-kicked. The boot went straight up in the air and Newton took possession on the Shoe City's 32 yard line. Flagg aimed a pass at Ashley which was incomplete. He attempted another but was forced to run with the ball and gained 8 yards. In two plays Heath plugged the line for a first down on the 21. A pass was the obvious play. Flagg faded back and four Brockton defenders covering Ashley down the alley the two Newton ends raced wide into the end zone, uncovered. Flagg's long heave from the 40-yard line traveled straight and true right into Bob Beatty's arms without a Brockton secondary nearer than 10 yards. Ashley placekicked the point after. Regaining possession of the ball deep in their own territory shortly after the kickoff, Newton again took to the air but time expired before any passes clicked.

First Period

Dodero kicked off for Brockton almost to the goal line with Dobie getting back to the 27-yard line. Rezutti and Heath hit the line for a total of two yards and Hurley's short kick gave the home team the ball on the Brockton 45. Lanoue ran for a touchdown on the first play, and the point was converted. Dodero kicked off again and again Dobie got it back, this time to the 23. Heath and Rezutti gained two yards and then Hurley kicked with Lanoue getting back to the Newton 43 before Beatty pulled him down. On second down Lanoue swept around left end for 25 yards. A few plays later, as already told, Brockton had its second score. Hurley took Dodero's kickoff right on the goal line and got back to the 20-yard stripe. On fourth down Flagg, who replaced Hurley, punted to the Brockton 43. On third down Tamulevitz quick-kicked, the ball rolling beyond the Newton safety man and outside at the 6-yard line to put Newton in a hole. Two plays netted two yards as the period ended.

Second Period

Flagg's kick was partially blocked by upraised hands of Brockton linemen and Brockton recovered a free ball on the Newton 30-yard marker. Three plays netted a slight gain before Tamulevitz' pass to Gold was completed for 12 yards to the Newton 14. Another pass, Gold to Lanoue, reached the three-yard line but Brockton was offside and the five-yard penalty averted another scoring threat as Newton held to take the ball on downs. Flagg kicked to Lanoue on the Brockton 40 with the latter getting back just beyond midfield before Boyer nailed him. Another Brockton

Meanwhile, when Newton had possession of the ball, they gave everything to force Brockton back with little success. Late in the first half several passes clicked to give Newton hope but time expired. In the fourth quarter Newton really got going. Ashley had gone into the New-

Waban Youth Wins Motorboat Title

Clinton Ferguson of 24 Carleton rd., Waban, was announced last Saturday as being the premiere pilot of the outboard division of motorboats for 1939 in the U. S. A. The announcement was made by the American Power Boat Association that young Ferguson ranked first among 600 motorboat pilots who competed in 73 regattas throughout the country during the past season. He took part in 60 races and scored a total of 22,078 points, thus winning the George H. Townsend medal. Running second to Ferguson was Fred Jacoby of North Bergen, New Jersey, famous professional motorboat racer, who had won the medal in 1936, 1937 and 1938. Jacoby scored 18,371 points; Paul Wearly of Muncie, Indiana was third with 15,594, and Gar Wood, Jr. of Algonac, Michigan, was fourth with 13,852.

REDSKINS WIN FOURTH IN CITY LEAGUE RACE

West Newton Edges Merchants

In Most Exciting Game
Of Season

In the two City League football games last Saturday the Thompsonville Redskins chalked up their fourth straight victory, blanking the Vediccius at Cabot Park 8-0, while the West Newton team was edging the Newton Highlands Merchants at West Newton 20-18 in the most exciting game of the season. The Redskins triumphed upon first place to three points over the second place Gath Guards who have figured in one loss contest.

A scoreless tie between the Redskins and the Vediccius seemed imminent until the Indians began a steady march in the final period. The advance covered 50 yards culminating in a touchdown on a forward pass from quarterback Johnnie Pozzi to right end Paulini in the end zone. Fitzgeralld's attempted point after by field goal was wide. The game was made certain later in the period. The Vediccius were in possession of the ball deep in their own territory when a bad pass from center went over Tom bald's head and rolled across the end zone for an automatic safety and two points for the visitors.

The game at West Newton was a see-saw, nip and tuck affair. The Merchants took a 5 point lead in the first period with a field goal by McPhee and a safety. In the second session the Connally brothers staged a passing act with George Connally snaring a long toss from brother Tom for a 35-yard touchdown play. G. Connally converted the extra point to put his team ahead 7-5.

The Merchants went ahead again in the third period, scoring on a touchdown by Tennanx. The count then became 11 to 7 as the point was missed. Going into the final period the excitement grew greater and greater. Substitute halfback John Ham tossed a pass to George Connally for a 15-yard gain and touchdown to regain the lead. A Ham to Flaherty tallied the point to make it 14 to 11 for the home club. West Newton kicked off and Taranto, receiving the ball on his 15-yard stripe, raced through the West Newton team 85 yards for a touchdown which put the Merchants ahead for the third time. The point was good for an 18-14 score.

With less than a minute to play West Newton took to the air again. Ham tossed a long pass, again to George Connally, for a 45-yard scoring play. It was Connally's third touchdown and it put West Newton out front again 20-18 as the point ended.

There was only time for one play, the kickoff. Taranto gathered in the ball on his 15-yard line and set sail for the West Newton goal. Picking his way through his opponents he nearly got away but was forced out of bounds on the West Newton 20 after 65 yards.

In tomorrow's games West Newton will clash with Gath's Guards at Cabot Park and the Vediccius will meet the Merchants at Newton Highlands. There was only time for one play, the kickoff. Taranto gathered in the ball on his 15-yard line and set sail for the West Newton goal. Picking his way through his opponents he nearly got away but was forced out of bounds on the West Newton 20 after 65 yards.

Figure Skating Club Plans Pre-Season Class

The Newton Figure Skating Club has started a pre-season conditioning class in which correct posture and skating position will be illustrated by ballet movements with musical accompaniment. The class is conducted by Hazel Sands Welch and meets at her studio in Newtonville on Thursday evenings. The first class, of a series of six, was held Thursday evening, October twenty-sixth.

NEWTON SEEKS FIRST WIN AGAINST RINDGE

Heavy Cambridge Team Not
As Powerful As Everett
Or Brockton

Newton High will visit Russell Field, North Cambridge, tomorrow afternoon for its second Suburban League game of the season. The Rindge eleven has shown flashes of power during its games this season and is regarded as a more rugged opponent than in most recent seasons. In its opening encounter an inexperienced Waltham team held off the heavier Rindge outfit and battled to a scoreless tie. Subsequently Rindge broke loose against Worcester Commerce for a 31 to 0 victory after being held to another by Haverhill. Last week the engineers succumbed to an undefeated Lawrence High outfit for its first loss of the season.

Newton High will go into tomorrow's game with practically the line-up used last Saturday. Captain Brooks Heath, Tony Rezutti, Bud Hurley and Gil Dobie will start in the backfield. Johnny Flagg gained considerable confidence and experience in the Brockton game and will see early service. A few minutes on the bench at the start of the game might well give Flagg a valuable opportunity to study the Rindge style of play. Should Newton get a scoring chance Flagg will probably be rushed into action.

The one expected change in the Newton line will see Bill Kalousidian, out of action last week because of a fractured jaw from the Everett contest, back at tackle. Incidentally Fred Fraine, who played most of the Brockton game in Kalousidian's berth, showed enough to warrant an early opportunity to again prove his worth. Bob Beatty and Phil Teschner will start at the wings. Bill Boyer will be in his usual tackle berth. Clark Fisher and John McNeil in the guard positions and Ricky Woodruff at centre. Tony Hines, who showed considerable against Brockton, will be one of the early wing replacements while Gordon Hobson and Don Ashley will return in the backfield. Rico Coletti, who suffered a bruised shoulder at Brockton, will be in shape to play Saturday although he has had to forego contact work in practice this week.

Having opposed Everett and Brockton on successive Saturdays it should seem somewhat of a breather for Newton to tackle Rindge. Rindge cannot be heavier and more powerful than the last two opponents and a game, steadily improving Newton outfit may return home with its first victory.

appointed Brown both as director and a member of the commission. The Aldermen, however, refused to confirm Brown's appointment.

On Oct. 9 the Mayor appointed as Director of Recreation Mr. Wilson, who had served during the past summer as Acting Director of Recreation. When the Mayor submitted the appointment to the Aldermen on that date, he neglected to also appoint Wilson a member of the commission. Apparently not only was the Mayor remiss in this matter, but the Aldermen also failed to notice the error, because they did not attempt to call it to the attention of the Mayor until they convened in private at a recess session last Monday night. Attempts were made to contact the Mayor, but he could not be found. He was at a place where he very seldom is—the meeting of the School Committee. It was the third time the Mayor has attended a meeting of the School Committee in recent years. So, the Aldermen had to postpone taking a vote on the confirmation of Mr. Wilson until the next meeting of the Board. President Floyd expressed the hope that the Mayor will then send the appointment in proper form.

The Mayor had sent to members of the Board a list of Mr. Wilson's educational, athletic and recreational experiences. He also recommended the appropriation of \$750 for Mr. Wilson's salary for the balance of this year, provided his appointment was confirmed, or \$225 if not confirmed. The Aldermen did not make either appropriation.

the Australian infantry, and later with the A. E. F. He is an American by birth, and a reserve officer in the Military Intelligence Service. With his best sellers, "The Ramparts We Watch" and "Bombs Bursting in Air," he has become America's most articulate military expert and critic.

Major Eliot has come suddenly to his present position of prominence, but he well deserves his success. His "The Ramparts We Watch," is a bold, striking presentation of his judgment on defensive measures which he thinks the nation should undertake. His day-by-day radio commentaries from Europe on actual developments abroad have been highly instructive. Undoubtedly, Major Eliot will return to Europe and visit the various fronts and capitals should the war continue.

Irving O. Palmer

(Continued from page 1)

of Robert W. Bodfish of Longmeadow; three granddaughters and a brother, George L. Palmer, of Fayette, Maine. The following tribute to Mr. Palmer was offered by Rev. Randolph S. Merrill:

IRVING O. PALMER

"No one could hope to put into words all the appreciative and affectionate thoughts of Irving Palmer which are in our minds and hearts today. We can try, however, to express just a little of the gratitude that we feel for his character and his achievements, which will be enshrined in our memories until we see him again."

"Mr. Palmer was recognized as one of the nation's leaders in the field of secondary education. High and important honors were accorded to him in the various educational associations of which he was a member. He was one of the pioneers in the development of technical training in the public high schools, and the Technical High School of this city is, in very large measure, a monument to his interest in the practical preparation of young people for successful living. He accepted his honors happily and gratefully, but always humbly. Once when he was on a trip in the West, at some eating place he sat at a table with a stranger, who, learning that Mr. Palmer came from Newton, Mass., said that he had heard that Newton had a remarkably fine high school. Mr. Palmer allowed that

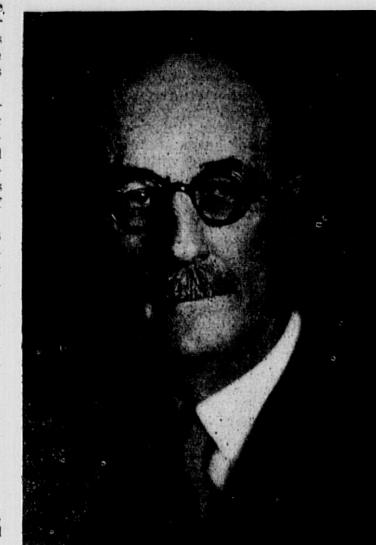

he understood that the school had a very good reputation, and, in reply to the stranger's questions, told him a bit about the school. He finally left the inquirer without telling him that he had been talking to the Principal of the Newton High School! That was characteristic of the man.

"The system of personal guidance in our high school—and now in many others—is another of Mr. Palmer's achievements. This organized department is an extension of his own personal interest in helping individual boys and girls work out their problems and find abundant life. He was recognized by his pupils as so fair and understanding that many of them came to him for counsel in their perplexities and in their scrapes—oftentimes before they turned to their mothers or fathers. Many a man and many a woman today acknowledges a lasting debt to him for his great share in helping them to live nobly and successfully."

"Those who worked with and under Mr. Palmer bear witness to the inspiring quality of his leadership. As one of them expressed it to me, 'Everyone who worked with him was glad to do much more than was required of him.' It was not only that he called forth loyalty to himself, but he inspired devotion to the high cause of education to which he himself was genuinely consecrated.

"We sometimes speak of certain persons as being 'the salt of the earth.' It seems to me that this phrase

the same time, see the funny side of things. Young people, especially, open their minds and hearts to the teacher who can both make and take a joke. It is with the light of fun twinkling in his eyes that we shall best remember Irving Palmer.

"He would be the last one to think of himself in terms of saintliness, but we who knew him will agree, I am confident, that in the sense in which one of our contemporary poets uses the word, Irving Palmer was one of God's saints."

He looks not holy; simple in his belief;

His creed for mystic visions do not scan;

His face has lines cut there by others' grief.

And in his eyes is love of fellow man.

Not self or self-salvation is his care; He yearns to make the world a sunnier clime.

To live in; and his mission every where

Is strangely like the Christ's in olden time.

No medieval mystery, no crowned

Dimp figure, halo-tinged, uncanny bright,

A Modern Saint! A man who treads earth's ground

And ministers to men with all his might.

record of placements of pupils from this branch of the trade school has been excellent, the great majority having obtained employment.

At the meeting before the School Committee on Monday night the leader of the delegation demanding the removal of the trade school from the Hamilton building was Howard Lewis of 73 St. Mary st., Lower Falls, president of the Lower Falls Improvement Association. Mr. Lewis is a newer resident of the city, having registered as a voter on October 14, 1938. He made strong statements about the alleged undesirability of having the trade school in the same building with the elementary grades. Among other things he said—I feel that in other parts of Metropolitan Boston, I can get the facilities I want, and if the change is not made, there might be two less pupils at the school. I might be so bold as to say there might be as many as ten who would move to Wellesley or Weston. Lewis said he was not making a threat, just trying to emphasize the feeling of the entire community.

Others who demanded the removal of the trade school department were John McGlenon of Lafayette rd., Lower Falls, secretary of the Improvement Association; Norman Patterson of Concord st., an inspector in the Newton Public Building Department, and Carl Pescosolido of Concord st. The speakers argued that 51 new houses have been erected in the Lower Falls section and 19 more are planned. They contended that the taxes received from these new houses would pay for the removal of the trade school department to some rented building.

Chairman Smith of the School Committee replied that only a small part of the tax revenue received by Newton is diverted to the cost of running the trade school, that it would be impractical to move the machinery to a rented building, and that the committee could not commit itself to any definite promise. He promised sympathetic study of the problem.

Mayor Childs, who made one of his rare appearances at a School Committee meeting, upon invitation of the committee, agreed with the members of the delegation from Lower Falls. The Mayor had promised a speedy removal of the trade school classes from the Hamilton building. He assured that he would be willing to recommend that the Board of Aldermen appropriate a sum of money to

press their opinion that they feel the Mayor has served long enough.

Goddard meanwhile has been driving home the thought that "Newton deserves something better" (to quote from his campaign circular). In place of Newton having an excellent record in past years under Mayor Childs we are told that we have an expensive government—that more efficient service can be given. Goddard has shown his capabilities both as an alderman and as a member of the State Legislature. He has, like Waters, the advantage of residing on the South Side of the city. The majority of voters in Newton are south of Commonwealth ave. and they have been growing increasingly desirous of having a Chief Executive. Possibly it is their turn and possibly both Waters and Goddard will benefit materially by this fact. A hasty analysis of election records shows that heretofore Wards 5 and 6 have supported Mayor Childs consistently. One of the big question marks of the present campaign is whether or not they will continue to do so.

Meanwhile Mayor Childs continues along in his quiet and customary way, relying upon the political sagacity of his friend and ally, Thomas W. White. Mr. White has managed many political campaigns for Childs, and others. Will he be able to hold together enough enthusiastic supporters to offset the barrage of arguments from three sides—or will he be able to fill up the thinning gaps with new supporters. Here again, time alone will tell. Perhaps the coming week will bring events which will definitely affect the outcome.

WOMEN'S CLUBS

(Continued from Page 4)

ber 5, when Major George Fielding Elliot will be the speaker.

An autumn tea and social hour brought the very enjoyable meeting to a close, the tea being in charge of Mrs. Earl F. Bliss and her committee.

Many Events And Programs Scheduled

Luncheon-Bridge

On Thursday, November 2, at 12:30 o'clock, a Luncheon and Bridge will be given at the Colonial Club, Boston, under the auspices of the Ways and Means committee of the West Newton Women's Educational Club. This affair is on the same day as the State Federation Club Institute, and anyone wishing to attend may make reservations with Mrs. Fred H. Fowle, 35 Gilbert st., West Newton, telephone West Newton 1765R, or with her committee.

Go and See Trip

The American Home Class of the West Newton Women's Educational Club is arranging a "Go and See" Trip to the Whiting Davis Company in North Attleboro, on Wednesday, November 1. Cars will leave from the Unitarian Church in West Newton, at 9 a.m. Reservations may be made with Mrs. Gilbert R. Jones, 27 Eddy st., telephone West Newton 1297.

Plans to Organize Junior Club

In the interest of forming a Junior Woman's Club in Newton, the Junior Club committee of the Newton Community Club is to hold an Informal Evening in the Auditorium of the Newton Y. M. C. A. on Monday evening, November 6. Mrs. Benjamin Miller, of Waban, will give an explanatory talk, and outline the beginning and opportunities of a Junior Club. Mrs. Wallace Wales, president of the Newton Community Club, and Mrs. Frank H. Briggs, past president, will be the guests of the committee. In charge are Mrs. John L. MacNeil, chairman; Mrs. C. Lawrence Barber, Mrs. Samuel E. Cutler, and Mrs. Andrew G. McKnight.

Committee Announces Trip

On November 2, the American Home Committee of the Newton Community Club is sponsoring a trip to the Melrose Commissary in Boston. Cars will leave the Eliot Church at 9:30 a.m. Those wishing to make the trip are asked to telephone Mrs. Beverly G. Secord, Newton North 2303W, or Mrs. Sterling N. Loveland, Newton North 4750.

This same committee visited the Dennison Manufacturing plant in Framingham on October 18, afterward returning to the home of Mrs. Secord for tea.

Auburndale Review Club

The second of the programs on "Interesting Personalities," which topic the Review Club of Auburndale is taking for this season, was held Tuesday morning, October 17, at the home of Mrs. Ernest F. Drew, on Central st.

During the half-hour business session, with the president, Mrs. Eugene Ufford presiding, there were reports from the representatives to the Federation, and the hostess, Mrs. Drew, made a plea for the Benefit Shop, to which many of the Club members contribute. Clothing, books, china, and furniture were among her requests.

Mrs. Arthur Freeman, chairman for the morning, called first for the "Autobiography of Fanny Kemble." This was given by Mrs. C. W. Blood, who traced her career from a young girl who was gifted with a most remarkable memory, through the vicissitudes of married life, and to her return to the stage where she made a lasting fame for herself.

Mrs. Freeman's own paper on "Woodrow Wilson," based on the memoirs of his wife, followed. The dramatic rise and tragic fall of this great man remind one that many of his prophecies concerning lasting peace are coming sadly true.

The final paper was "The Life of Edna Ferber," and was given by Mrs. Paul Tardivel. A precocious child, at the age of nine, Edna Ferber had read all of Dickens' books, and at an early age accepted the position of a reporter. Her openly expressed love for the Jews to whom she belonged on the paternal side of the family is strongly brought out in the book, "A Peculiar Treasure."

At the close of the program the president announced that the next meeting would be held Tuesday, October 31, at the home of Mrs. James Patterson, on Central st., instead of

Newton Federation Executive Board Meeting

The first meeting of the Executive Board of the Newton Federation of Women's Clubs was held in Jewett Hall, of the Newton Library on Monday, October 23, with Mrs. Edgar P. Hay, president, presiding. Silent tribute was paid to Mrs. Bertrand E. Taylor, who passed away in September. She was the sixth president of the Federation.

The Federation voted to co-operate with the Clothing Chest of Newton and also to give a donation to the Community Chest.

Mrs. Hay stated that, in looking over past records, she discovered that the gavel which she now uses was presented by the Ladies Home Circle to the Newton Federation when it was founded in 1895. Mrs. Fiske, of Auburndale, was the instigator of the Circle, which met in the Grand Army Hall.

Mrs. Robert S. Bowen reported many Newton children received considerable benefit this summer from attending the camp at Sharon, made possible through the sale of Christmas Health Seals. The president urges all Clubs and Churches, through their Press and Education Departments, to show the two fine moving pictures entitled, "On the Firing Line" and "Let My People Live," which proves what can be done for the less fortunate children. These films are free and Mrs. Bowen will be glad to give further information.

The All-Newton Music School reported that they had about the usual number of students this year in spite of the fact that the School Department had about two hundred and fifty fewer pupils. They spoke of the gift of a piano, and stated that they could use more if anybody had one they wished to dispose of. The Newton Hospital is in need of a good radio, of rugs, and a comfortable chair. Any person wishing to contribute any of these articles may communicate with Mrs. Hay.

The Girl Scouts again are willing workers in helping distribute literature for the Community Chest of Newton.

Club Institute

The regular Club Institute of the State Federation of Women's Clubs will be held at the Y. W. C. A., 140 Clarendon st., Boston, on Thursday, November 2, at 10:30 a.m. The State chairman, Mrs. Eliot R. Scudder, will preside. Mrs. Arthur J. Fletcher, chairman of the American Home department, will talk on "Good Citizenship." Mrs. Burr J. Merriam, Scholarship chairman, will discuss "Scholarships." A talk on "Topics Adver-

tising" will be given by Mrs. William J. McDonald, advertising director of Topics.

Three club presidents, Mrs. Edgar A. Gregor, of Rockland; Miss Darthea Thompson, of Hopkinton; and Mrs. Paul A. Newsome, of Weymouth, will suggest ways of dealing with certain club problems.

Mrs. Waldo Litchfield, vice-president of the Scituate Woman's Club, has as her subject, "Getting Acquainted with the General Federation." The regular lesson in Parliamentary Procedure will be given by the Institute Parliamentarian, Mrs. Cordelia B. Bartlett, and the meeting will close with the usual discussion period.

Man Killed By Auto On Worcester Pike

Frank Fatibene, 43, of 25 Mechanic st., Newton Upper Falls was fatally injured last Sunday at 5:30 p.m. while crossing the Worcester turnpike near Rockland place, Upper Falls. The car which hit Fatibene was driven by Brattnard L. Bates of 104 Forest st., Wellesley. The victim received a fractured skull, broken left shoulder and fractured hip. He was taken to the Newton hospital in the police ambulance and died Monday noon. Fatibene had come out from Boston on a bus and with two other men had alighted from the bus at Rockland place. His companions had crossed the turnpike safely before he was hit.

Bates said he was driving at a speed of between 30 and 35 miles an hour when Fatibene suddenly dashed out of the darkness. Bates said he swerved his car to the right in an effort to avoid hitting the man, but did not succeed. The dead man had lived in this city for about 9 years. He is survived by a widow and four children who live in Italy; and a brother who resides in New Jersey. His funeral was held on Wednesday from the funeral parlor of Joseph Valente, Nonantum. The service was in Mary Immaculate Church, Upper Falls and burial was in St. Mary's Cemetery, Needham.

Waban Boy Thrown From Horse, Dies

Oliver Ames Johnson, Jr., 13, only son of Mr. and Mrs. Oliver A. Johnson of 137 Pine Ridge rd., Waban, was fatally injured last Saturday afternoon when he was thrown from his horse at Arnold Arboretum, Jamaica Plain, and received a fractured skull. It is supposed that the horse bolted when he became frightened by a football which soared from an adjacent field. The Johnson boy was accompanied by Edward Boston, 14, of 1548 Beacon st., who was riding ahead. When he observed his companion on the ground, young Boston rushed to Johnson's aid, and finding him unconscious, summoned assistance. The boy was taken to Boston City Hospital and died Saturday night.

Oliver A. Johnson, Jr., was a pupil at the Weeks junior high school, and an experienced rider. His father owns the Wyndacare Stables at Sagamore, and the horse the boy was riding was his own, and had been kept at the Weld Stock Farm, West Roxbury. Besides his parents, the boy is survived by four sisters, the Misses Barbara, Priscilla, Cynthia and Nancy Johnson. His funeral service was held at his late home on Tuesday afternoon. Rev. Joseph MacDonald of Union Church, Waban, officiated. Burial was in Newton Cemetery.

SAMUEL LELAND

Samuel Leland, formerly of Newton Lower Falls, died on Oct. 25 at Memorial Hospital, Orange, N. J. He was born in Ashland, 84 years ago, came to Newton Lower Falls when a boy, and attended Newton High School. He graduated from Harvard in 1877. In 1882 he married Adelia P. Tuttle and went to Chicago shortly after. He taught at the Harvard Preparatory School and later had charge of Senior English and debating in the McKinley High School until his retirement. For the past four years Mr. Leland had lived at Parker ave., Maplewood, N. J., with his son, Charles F. Leland, vice-president of the American Mutual Liability Ins. Co. Another son also survives, Samuel Leland, Jr., of Chicago. The funeral service was held this morning at Newton Cemetery chapel.

MARY B. O'REILLY

Miss Mary Boyle O'Reilly of 189 Islington rd., Auburndale, daughter of the famous Irish patriot and poet, John Boyle O'Reilly, died on Oct. 21. She was born in Charlestown, 66 years ago, and studied at a convent school in Providence and the Gilman School for Girls in Cambridge. She was one of the founders of the settlement house conducted by the Guild of St.

Patrick Geegan, 80, of 44 River st., West Newton, died on October 21. He was born at Craughwell, County Galway, Ireland, and had resided in West Newton for 54 years. He was employed for many years by Mrs. Abbie Laurie and Mrs. Courtney Bird of West Newton. Mr. Geegan is survived by his widow, Mrs. Mary (Morrisey) Geegan; a son, William Geegan of West Newton; three daughters, Mrs. Florence McKeon and Mrs. Mary Greely of Weston, and Mrs. Margaret Dallaire of Dorchester; and fourteen grandchildren. Mrs. Nally's funeral service was held on Wednesday at Our Lady's Church and burial was in Calvary Cemetery, Waltham.

PATRICK GEEGAN

RECENT DEATHS

CATHERINE NALLY

Mrs. Catherine (Coleman) Nally of 16 Dalby st., Nonantum, wife of Edward S. Nally, died on October 22. She was born in Cork, Ireland, 71 years ago and had lived in Newton over 50 years. She is survived by her husband; four sons, John, Edward, Timothy and Francis Nally, all of Newton; three daughters, Mrs. Josephine Glynn and Mrs. Catherine Barry, both of Newton and Mrs. Margaret Dallaire of Dorchester; and fourteen grandchildren. Mrs. Nally's funeral service was held on Wednesday at Our Lady's Church and burial was in Calvary Cemetery, Waltham.

GERTRUDE E. GROOM

Gertrude E. Groom of 57 Broadway, Newtonville, died on October 24. She was a native of Waltham and for 34 years had been in the employ of the O'Hara Dial Company of Waltham. She is survived by three sisters—Miss Margaret Groom and Mrs. R. E. Welch of Newtonville; and Mrs. John McNally of Waltham; and a brother, Nathaniel Groom of Waltham. Her funeral service was held at Our Lady's Church this morning and burial was in Calvary Cemetery, Waltham.

ALICE M. LEEDS

Mrs. Alice (Marshall) Leeds of 46 Waverley ave., Newton, wife of Edmund L. Leeds, died on October 22 at Newton Hospital. She was born in Boston 59 years ago and had lived in Newton for 40 years. Her funeral service was held on Monday afternoon in Eliot Church chapel; Rev. Ray Euston officiated. Burial was in Newton Cemetery. She is survived by her husband; two daughters, and a son.

JOHN P. PRATT

John P. Pratt of 9 Highland Park, Newtonville, died on October 18 at the summer home of his son, Charles P. Pratt in New London, N. H. He was born in Reading, 88 years ago, and engaged in the shoe business at Lynn until he retired about 10 years ago. He then came to Newtonville to make his home with his son. His wife died in 1919. Besides his son he is survived by a daughter, Mrs. Lotta L. Thompson of Lynn; four grandchil-

dren, and a great-grandchild. He is also survived by a sister, Mrs. Elizabeth Brown of Lynn. Mr. Pratt was a member of the Newtonville Methodist Church and Past Chancellor of Peter Woodland Lodge, K. of P. of Lynn. His funeral service was held on Sunday, October 22, and burial was in Pine Grove Cemetery, Lynn.

Now, what has it accomplished in Indiana? Indiana has no bonded state debt, and at the close of 1937, there was a balance of \$24,000,000 in the General Fund of the State Treasury. Each year since 1933 they have balanced the state budgets. They have reduced the bonded indebtedness of the municipalities by almost \$40,000,000. They have refunded to the cities and towns over \$12,000,000 annually for use on their own highways and Streets. They have increased Old Age pension payments by almost 100 per cent. In 1938, they returned to the cities and towns \$14,000,000 for the payment of teachers' salaries.

Because of these increased disbursements from the Gross Income Tax, they have enabled the towns and cities to decrease the local taxes on real estate below the maximum limit of \$15.00 per thousand. They have made real estate a profitable investment, they have increased building activities, they have put men back to work, they have decreased local taxes, they have solved their tax problem in a sound and sensible manner.

I challenge my opponents to produce a better plan. I challenge them to produce any plan which will solve this problem permanently. I ask them to explain why during the years in which they have been members of our city government they sat by and watched expenses increase and tax rates increase and did nothing about it. I await their answer.

law, obtain enough money to carry on the functions of government.

So what did they do? They enacted a gross income tax law, and a central collection agency at the State House. And that tax amounts roughly to 1 per cent of the gross income of every individual and every business and every corporation which have a gross income of more than \$10,000 per year. That law was enacted in 1933. The rate has always remained the same. But the amount of revenue received from the tax had increased every year because as a result of the new system prosperity has returned to Indiana. And each year more and more money is returned to the cities and towns to help them with their local costs of government, and to help them to still further reduce the local tax rates. And if it continues to work out as it has and should, the day will come when the returns from the gross income tax will defray all the expenses of the state and local governments and there will be no taxes at all on real estate.

Now, what has it accomplished in Indiana? Indiana has no bonded state debt, and at the close of 1937, there was a balance of \$24,000,000 in the General Fund of the State Treasury.
